

GUN CARRIERS WARNED

Judge Hadley Will Make an Example of Them

Men Who Carry Loaded Weapons Will be Severely Punished—Violators of Milk Law Get Stiff Fines—Other Cases in Police Court

James Monouns, the young man whose attempt to elope with a charming daughter of the Greek colony, resulted in his arrest and that of his two brothers-in-law, was fined \$25 in police court this morning on a charge of carrying a loaded revolver.

The brothers-in-law yesterday were fined \$40 each for carrying guns, for it will be recalled they chased the eloping pair on a Canobie Lake car and caused consternation among the passengers by flourishing revolvers while Monouns, when arrested later, after an argument with his bride's brothers in Merrimack street, was also found to have a gun concealed on his person.

Lawyer Leggett, who appeared for Monouns, informed the court that since the elopement the brothers of the girl had threatened to shoot the defendant, whereupon Judge Hadley remarked: "If I hear of any more of these threats I will deal with them with severity and there will be a direct sentence to the house of correction." The defendant paid his fine.

All of the dozen or more drunks were fined. They included two women. John Paul, the young man who pleaded guilty on Monday to assault and battery on Catherine Dow, who is

in the hospital as the result of falling or having been thrown down a flight of stairs, was continued until September 8th. The Dow woman is still in the hospital.

Philip Gauthier and Arthur Langlois pleaded not guilty to the charge of unlawfully taking a boat, the property of William F. Simms, of Billerica. Mr. Simms said that the two men took the boat without his consent and when he halted them about it they said that they had hired it from a man and had paid him for it. The two defendants testified that they were looking for a boat to hire and came across a man standing beside a boat. They asked him where they could hire a boat and he offered them the boat beside him, charging them 35 cents. Judge Hadley found them not guilty and ordered their discharge.

John T. Kearns was charged with non-support of his two small children and he informed the court that he had a home for them in Lynn where he is working if his wife would go there. The court turned the couple over to the probation officer.

A. Baughard and Leslie D. Hall were charged by the state officers with violation of the milk laws. The former was fined \$50 and the latter \$100. Appeals were taken.

FUNERALS

REED—The funeral of Miss Maria Reed was held at the home of James S. Byam, in Chelmsford, on Sunday afternoon at 2 o'clock. The services were conducted by Rev. L. S. Greene. Mr. A. M. Warren and Miss Edna Thompson sang two selections, "Oh Morning Land" and "My Heavenly Home." Messrs. J. S. Byam, A. B. Reed, William Felt and Fred M. Reed were the bearers, and the burial was at Forefather's cemetery. There were a great many flowers.

DEATHS

CROSBY—Hon. Stephen M. Crosby of Boston, died yesterday morning at his summer residence at North Chelmsford, aged 82 years. He was the son of the late Judge Nathan Crosby of Lowell. A notice of the funeral will be given later.

GARDNER—It will be with surprise and deep regret that the host of friends of Miles G. Gardner, assistant cashier of the Traders National bank, will learn of his death which occurred yesterday afternoon at his home, 32 Princeton street, after an illness of but four days. His untimely end came through acute diabetes, complicated with nephritis, and while it is apparent now that his trouble had been coming on during the summer, his health was apparently so secure that he was at the bank until within the past few days.

Mr. Gardner was born in Whiting, Me., June 17, 1871, and was consequently 38 years old. He came to Lowell with his parents when a small boy and received his education in the public schools. He worked for a time for E. W. Hoyt & Co., and later entered the employ of the Appleton Co., working his way up to the position of paymaster, which he resigned to take a position with the Traders bank. He was a member of the Royal Arcanum, William North lodge of Masons, Mt. Hope chapter, Ahazievus council, and Pilgrim commandery, and was formerly a member of the ambulance corps, M. V. M.

Mr. Gardner was highly esteemed by all who knew him, honest, faithful, courteous and obliging. He had many friends who will deplore his untimely death. He leaves a widow and two children, Carlton Putnam, and Natalie, and the sympathy of many friends will be extended to them.

FUNERAL NOTICES

THORPE—Died, in this city, Aug. 31st, Helen M. Thorpe, aged 11 months, 5 days, daughter of Ernest E. and Vera I. Thorpe. Funeral services will be held at the home of the parents, 23 Robert street, Pawtucket, R.I., Thursday afternoon at 2:30 o'clock. Friends invited. Undertaker George W. Hadley in charge.

WILLETTTE—Mrs. Mary E. Willette, aged 40 years, died at 169 Middlesex street. Funeral services will be held from the rooms of J. A. Weinbeck, Middlesex st., Thursday morning at 10:30. Friends invited.

GARDNER—The funeral of Miles G. Gardner, assistant cashier of the Traders bank, will take place from his late residence, 32 Princeton street, at 2:30 o'clock tomorrow afternoon. Friends invited.

TODAY'S TRY OUT

Thousands Viewed Early Morning Spins Over Auto Course

About a Dozen Cars Were on the Track and no Mishap of any Kind Marred Their Practice—Many New Arrivals, Among Them the Benz Cars

About a dozen of the automobiles drivers were out on the course this morning tuning up their machines for the races, but the cars had not made more than one or two rounds before they and the drivers were sorry looking spectators, the drivers being literally covered from head to foot with oil while the cars looked as though they might have collided with a carload of tar barrels.

The first and oil besprayed drivers in oil splattered cars certainly attracted more attention this morning than they did yesterday morning when the cars were clean excepting for a light coat of dust which was gathered on making the rounds.

The people who are enthusiastic over the races were on the course long before five o'clock and in fact from 4:30 o'clock until 6:30 o'clock there was a steady stream either up Varnum avenue or the boulevard.

The majority of the people seem to be attracted to Dunbar avenue. One of the reasons for picking out that location is that the cars deposit the passengers at that point and the spectators also has a good chance to see some spectacular driving at either the entrance to or exit from Varnum avenue.

It was thought that the threatening weather of this morning would tend to lessen the number of spectators, but there were about 2500 on hand. That the people have got the automobile craze very bad and are willing to sacrifice several hours' sleep in order to see everything that is going on can be seen by those who attend the tuning up trials in the morning.

Hundreds of people with dinner pails and tins under their arms reach the course at five o'clock in the morning and remain there until there is just time enough for them to get from the course to the mill or shop where they work all day. Those who are employed in stores linger on the course

literally assists Lytle in the operation of the car, found the going anything but comfortable owing to the oil on Varnum avenue, but he is well used to bad roads and had no complaint to offer when he alighted from the car shortly before 7 o'clock.

After making the fourth round, the big Apperson was stopped at the camp in order to make a change of coils, the coils in the car having been jolted out of adjustment. They were the same coils which he used on the Motor park speedway at Indianapolis the week before last.

After a new set of coils had been inserted Lytle in a cloud of steam from the exhaust pipes started on the fifth round which proved to be the fastest made during the morning.

Persistent Driving

The driving of Grant in the Alco this morning was more persistent than that of any of the other drivers and several rounds were made under the 11 minute mark. Grant's car is a long rakish affair, setting very low to the ground, and the manner in which he negotiated some of the turns caused spectators to hug close to the side of the road, fearful that the fire-belching machine might swerve to one side and into the crowd.

Grant seemed to have a rather unhappy faculty of encountering the electric car every time he came over the Varnum avenue stretch, but the ease with which he shot through the space between the car and the trees on the side of the road caused the spectators to realize that he had the machine well in hand.

Al Poole Was Out

Al Poole, the driver who was to pilot the Isotta Fraschini car in last year's race, but who met with an accident at the Harpin turn several days before the race, was out "by his lonesome" this morning. He did not have his regular machine, using a touring car instead. Neither did he have a mechanic, but his cream-colored car was very much in evidence and when he passed there was sure to be some dust flying.

Chalmers-Detroit Aggregation

The Chalmers-Detroit bunch was very much in evidence during the morning hours, and were there with the speed, while Les Lorimer in his Chalmers-Detroit pounded the road in a consistent manner. Lorimer made fast rounds, one of them being done in 12 minutes flat.

The Big Benz Car

Ernest Storker in the Benz car attracted a good deal of attention and the majority of people look him to be Barney Goldberg.

Bert Shaw in the Standard-Detroit

had it out with several of the other cars at different points of the course, while the Little Maxwells were here, there and everywhere.

Jack Coffey, with his sieve like machine, made a round after round and has demonstrated the fact that he has the course down to perfection and will be one of the most dangerous competitors in the class 3 race to be held on Labor day.

Harroun in the Buick

The first Buick racers to arrive in Lowell went over the course this morning, it being one of the small cars which Harroun will drive. Harroun had a No. 47 on his radiator which led many people to believe that it was Frank Gelsaw in the Chalmers-Detroit, but the number was one that had been used in another race.

Benz Cars Arrive

The big Benz car, which is entered in the big race Wednesday arrived in this city yesterday afternoon. Von Gansbach was in charge, with the driver, Ernest Storker, at the wheel. A few minutes afterward Al Poole came in with the Isotta Fraschini. With him was Leo Anderson, who sat beside Lewis String in last year's race over the course. Fred J. Davis, driving a Moon, came over the road from Boston. His mechanic was James McNeer, who is a native of Lowell. The Benz and the Moon went to the City Hall garage. The Isotta Fraschini will be quartered at the garage connected with the Richardson House annex, formerly the George House in Appleton street.

PERSONALS

Miss Alice Harrison, bookkeeper in the office of the Bay State mills, will spend the next two weeks at the Pine-nack house, South Lynnhaven, N. H.

Miss Anna Hayward of Worcester is visiting with her cousin, Miss Jennie Barrell of Broadway.

Mrs. Patrick E. Spencer and children, Helen, Louise and Arthur, are occupying a cottage at Rye beach.

Misses Grace and Jennie Spencer have returned from a most enjoyable visit spent at Salem Willows and Newburyport.

Mrs. John H. Murphy of the purchasing agent's office is passing the weeks around. A little stranger, a baby girl, arrived at his home in Mt. Washington street, Tuesday morning.

THE NORTH POLE

Was Reached by Dr. Cook

COPENHAGEN, Sept. 1.—Dr. Cook, the American explorer, reached the North pole April 21, 1907, according to a telegram just received at the colonial office here. The message was received from Lervik, Norway.

If you want help at home or in your business, try The Sun "Want" column.

GOING FAST

Our 19c combination sale won't last long. A six-inch round imported mirror, box of perfumed talcum powder and cake of shaving soap for 19c, or the same with a cake of Venetian Violet toilet soap instead of the shaving soap. All for 19c. Howard, the druggist, 157 Central street.

DRAHNAP
AUTO OIL

This oil is pale in color, is of high viscosity, does not decompose at high temperatures and flows freely through any style lubricator. Drahnep Oil increases the horse-power and grants the bearings a free, smooth motion. No danger of carbon deposits on spark plugs if you use Drahnep Oil. It is a lighter and cleaner oil than is noticed in other "Auto Oils."

PRICE OF MILK

Has Been Advanced to Nine Cents

BOSTON, Sept. 1.—Milk is now nine cents a quart.

At a meeting of the Boston Milk Dealers, held at the American Hotel yesterday afternoon, it was agreed that the retail price of milk, on and after today, Sept. 1, should be nine cents, instead of eight cents, the former price, as heretofore. The advance is made a month earlier than last year, when the price was put up to nine cents on Oct. 1, an advance to be retained a month longer in the spring.

Representatives of the Milk Producers' association and the Boston Milk Dealers have been in conference since Aug. 25, with meetings every day except Sunday.

The Milk Producers' Association is composed of farmers and dairymen, and its members, it is said, obtained that on account of the high price of grain and feed they have been selling milk at a loss.

It is also stated that on account of the long drought this summer there is a shortage of hay and corn, and that the price of feed is high.

The advance in the price of milk is expected to be retained a month longer in the spring.

HEAVY BATTING

Marked New Bedford-Lowell Game Yesterday

NEW BEDFORD, Sept. 1.—Yesterday New Bedford defeated Lowell 10 to 7 in a free hitting contest. Danzig's terrific batting gave Lowell a big lead in the opening innings but the New Bedford batsmen in the fourth and sixth, scoring nine runs and driving McIntyre out of the box. Scott and Barrows cleared the bases with triple to right. Scott's sensational catch of Vinson's drive and the batting of Danzig, who made two triples and two singles in four times up, was a feature. The score:

NEW BEDFORD		LOWELL	
Barrows, R.	5	2	2
O'Leary, R.	2	4	12
Cunningham, B.	1	1	2
Barnum, S.	2	1	1
Wilson, J.	1	0	2
Grime, C.	2	1	2
Scott, C.	1	1	2
Scott, R.	1	1	2
Ullrich, C.	1	0	3
Griffith, P.	1	1	0

TOTALS		TOTALS	
New Bedford	10	19	27
Lowell	7	19	27

DIAMOND NOTES

Ladies' day.

The boys of the Middlesex Training school with their band will be present at Spaulding park this afternoon.

All Centrally will turn out to see Walter Foy play with Fall River. Walter is playing good.

Double-header tomorrow. First game at 2 o'clock. Double-header with New Bedford, Saturday, with first game at 2.

Two singles and two triples with times at bat was Danzig's record yesterday.

The season is fast approaching its close. Don't miss the concluding games.

Mrs. Johnson Knows

She Says That Parisian Sage is the Only Hair Tonic That Ever Benefited Her Hair

Parisian Sage is the quick acting hair grower that can now be obtained in America and that is guaranteed by Carter & Sherman to cure dandruff, stop falling hair and bring scalp in 100 weeks or money back.

Mrs. Johnson is the one who states that she has a most charming and luxuriant head of beautiful hair. She says:

"Parisian Sage is the only hair tonic that ever benefited my hair, which was very thin on the top of my head. I began using Parisian Sage and used it daily for a while. Afterward I used it according to directions. I am absolutely positive that it will thoroughly cleanse the scalp and hair, stop irritation, eradicate dandruff, stimulate the growth of the hair, prevent baldness and make the hair soft and silky. I would not be without Parisian Sage."

Parisian Sage is a most delicately perfumed hair dressing and has not a particle of stickiness or greasiness in it. It will not stain or dye the hair and contains nothing that would injure any hair or scalp.

BASEBALL NOTES

Cognitz has won 20 games and lost five for Pittsburgh this season.

Waddell has won one game from the Athletics this year, dropping four games to Connie Mack.

Kraus has taken four games from Boston, Detroit and Washington this year, being two to the Tigers.

Gessler is playing the kind of ball he used to play in Cincinnati when Phil Lake picked him out for the Red Sox.

Raymond and Mathewson respectively have taken five games from Boston and Cincinnati this year—all they have pitched.

Mathewson came back strong after the bumps he got on Saturday. The Giants seem to be the only team that can beat Reulbach.

Cincinnati won 7 of 11 games played at the South End this year, and has taken all seven games the team has played in Cincinnati.

Smith of the White Sox has been the hoodoo of the Highlanders, from whom he has taken seven games this year, losing only one game.

Since he joined Philadelphia Morgan has pitched 15 games, winning 12 and losing six. He has beaten Cleveland 5 times, losing to the Indians twice.

The Boston Nationals and Cincinnati have applied for permission to play the game scheduled for Monday, Sept. 20, as part of a double-header on Sunday, Sept. 19.

The grounds at Huntington Ave. are ready for the "speed boys" and all the new seats will be ready long before they return on Saturday with the Highlanders.

The unoffical count for the 11 games pitched in New York this year is: Boston, 10; Philadelphia, 10; St. Louis, 10; Cincinnati, 10; New York, 10; Pittsburgh, 10; Chicago, 10; Detroit, 10; Washington, 10; Cleveland, 10; Philadelphia, 10.

The Red Sox played to 41-40 in Chicago this year and to 31-30 in St. Louis. Until yesterday 41-32 had seen the "Speed Boys" in Cleveland, and the attendance in Detroit for eight games is 54,582.

Catcher Ruth of Cincinnati is incapacitated by ulcers in his nose, and Bancroft has second basemen of the Shamrocks of Cincinnati to meet the team in Philadelphia to help out Catcher Clark.

The Red Sox home schedule for the remainder of the year is: Sept. 4, New York; Sept. 12, 13, Washington; Sept. 16, 17, 18, 19, Chicago; Sept. 21, 22, 23, Cleveland; Sept. 24, 25, 26, St. Louis; Sept. 29, 30, Oct. 1, Detroit; Oct. 2, 3, New York.

In the west this year the Red Sox have won six and lost five in Chicago, won three and lost five in Detroit, won six and lost five in St. Louis, won seven and lost four in Cleveland, and in the west of won 22 and lost 19 for the season so far.

AMATEUR BASEBALL

The Y. M. C. A. team will have their opponents Saturday. The first game is at Lawrence.

GOVERNORS JOIN IN HONORING MEMORY OF HENRY GEORGE

The extension of the water main from Dracut Centre to the Broadway section has been suspended temporarily owing to the poverty of old-time special permission from the state highway commission to dig up a portion of the roadway. The latter thoroughfare extends for some little distance over the course where the water main is to be laid and in order to lay the pipe it will be necessary to dig up a portion of the macadam.

INJUNCTION HEARING

On Petition to Prevent Auto Race Will Be Held Thursday

BOSTON, Sept. 1.—Claiming that a special act of the legislature permitting automobile racing on the Lowell race course and alleged that the petitioners' property will suffer damage if the races are allowed to take place, Judge Dana issued an order of equity session of the superior court here yesterday a bill of complaint and a petition that an injunction be issued against the races planned for next week.

The petition is made by George A. Shaw, owner of real estate situated along the race course and alleged that the petitioners' property will suffer damage if the races are allowed to take place. Judge Dana issued an order of equity session of the superior court here yesterday a bill of complaint and a petition that an injunction be issued against the races planned for next week.

The petition is made by George A. Shaw, owner of real estate situated along the race course and alleged that the petitioners' property will suffer damage if the races are allowed to take place. Judge Dana issued an order of equity session of the superior court here yesterday a bill of complaint and a petition that an injunction be issued against the races planned for next week.

CARNIVAL WEEK**Will Have Sport Other Than Racing**

The coming of carnival week has aroused all the local sport promoters and hence the visitors to the city will have other attractions to engage their attention when not watching the races on the boulevard.

The base ball game on Monday afternoon will be held back until 4 o'clock to accommodate those who wish to see the races and the game as well.

There will be first class wrestling and boxing during the week and a wrestling match for the early comers at Meader's ring tomorrow evening. Mr. Charles Parker has engaged Washington park for the big wrestling event between Shad Lark and Leo Pardo, the rivals who wrestled such a sensational bout in Lowell a few seasons ago.

The Gladstone Athletic club, which has recruited with entirely new management and with many new members will make its first appearance under the new management at Associate hall on next Tuesday evening when in addition to several good preliminaries the principal event will be a 12-round bout at 155 pounds between the noted Boston rival Kid Goodwin and Young Donahue, the latter of Roxbury. It is

expected that Charlie White, the eminent referee who is here to manage the national Marathon run, will officiate at the Gladstone club. The fact that the club has been given the privilege of naming Associate hall for temporary quarters is a guarantee of its stability.

The meeting of Young Prokes and Wilfred Barrette at Dracut tomorrow evening will settle a question of supremacy that has caused many an argument between fans all the way from Fall River to Montreal and Quebec. Prokes is the welterweight champion and his best weight is 145. Barrette weighs eight or 10 pounds more and the question of weight has always been the stumbling block between them. Recently Frank Moran, manager of Young Prokes, announced that he would meet Barrette at any weight and the match was made forthwith.

With an ironclad agreement that the man who first shows rough-house tactics, is to lose, Shad Lark and Leo Pardo are bound up to meet at Washington park on next Tuesday evening. Both are strong and aggressive wrestlers and do a strenuous bout even when not trying to rough it and as they are very evenly matched the bout will be a corker. The management shows good judgment in securing an expert of national reputation. Mr. Geo. V. Tuohy to referee, for Tuohy knows what is allowable and what not and neither wrestler can impose on him. They will wrestle on an elevated platform under a light.

George Rothner, light weight champion wrestler, will meet Young Atlas on the boulevard speedway on Thursday afternoon in connection with the auto attractions.

PREPARED INSTANTLY. Simply add boiling water, cool and serve. 10c per package of 2 packages. 2 flavors. Refuse all substitutes.

AN ITCHING PALM

No Cure for It. Other Forms of Itching Preferable

There is no cure for an itching palm—the money kind. Even possum, the new skin discovery, cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, possum will stop the itching at once and cure the worst cases in a few days.

Possum comes in two-dollar jars, but fifty cents' worth will answer in curing any of the diseases mentioned. It can be had of any druggist. Pails & Barkinslaw and Carter & Sherrin make a specialty of it.

That results are immediate will be amply demonstrated overnight by the use of the experimental sample which the Emergency Laboratories, 22 West Twenty-fifth street, New York City, will send free by mail, in plain wrapper, to any one who will write for it.

GOLD BRACELET

WAS PRESENTED TO MISS KATHERINE BOYLE

The home of Miss Katherine Boyle on State street was the scene of a surprise party last evening. The affair was in charge of Miss Frances Parker and about 40 of Miss Boyle's young friends were present to enjoy the evening.

Miss Katherine was presented with a gold bracelet and although taken by surprise she responded in a fitting manner. The presentation speech was made by Miss Parker.

During the evening games were played and a musical program was carried out.

Later in the evening refreshments were served and after participating in numerous other games the party broke up at a late hour.

If you want help at home or in your business, try The Sun "Want" column.

LOWELL POLICE**Sent Out Circular Describing Feron**

Previous notices to the contrary notwithstanding, the Lowell police are today anxious to find Henri Feron, wanted for the murder of Mrs. Flora Carver, and circulars asking for the detention of Feron have been sent out to the sheriffs of every city and town of New England, the large cities of the country and Canada.

The circular contains a good likeness of Feron and reads as follows:

Headquarters of Police Department, Lowell, Mass., U. S. A.

Wanted for the murder of Flora Carver on the night of August 26th, 1909, in this city, Henri Feron, a French Canadian, age 24 years, height 5 feet 6 inches, weight 135 pounds, smooth face, slight defect in left eye, black hair, slightly peak marked. Wore when last seen a straw hat, light colored sack coat, dark pants, white shirt with black stripe, tan colored shoes. Speaks the English language with difficulty. Has been a mill operative. Was in Nashua, N. H., Friday, August 27th, 1909, when he called upon his mother and it is felt took a train bound north the same afternoon.

We would ask your co-operation in apprehending this fellow, and, if located, please return him and wire us at our expense, when an officer will be immediately dispatched.

Respectfully yours,
James Brosnan,
Acting Supd. of Police.

August 28th, 1909

PLEASANT SURPRISE

TENDERED TO MISS MATHILDA J. SCHONBORN

A pleasant surprise party in honor of the 20th birthday of Miss Mathilda J. Schonborn was held at the home of her parents, Mr. and Mrs. John Schonborn, 141 Chelmsford street, last evening.

Many of her friends were present.

During a speech was made by Miss. Loring, a token of affection from her many friends was presented her. It was a beautiful basket and chain. The evening was enjoyable. Games were played, after which refreshments were served. All departed at a late hour.

BILLERICA.

The contract for the extension of the water line on High, Ford and Anclover streets, has been awarded to Charles M. Callahan of Boston. There were five bids submitted, the lowest being made by Mr. Callahan.

BARON ALCYON

Was the Winner of the Derby at Readville

BOSTON, Sept. 1.—As cool as the winds of the October moon when they breathe the spirit of the autumn into the foliage, were the air that moved across the Readville trotting park and into the faces of the thousands who assembled yesterday to see and enjoy the events of Derby day. The conditions were ideal for this renewal of the event of one and one-half miles, instituted in America for the first time at Readville last year. It is the original handicap in this country on the European method, and the day marked the first big meeting at the track under the new reorganization, with A. J. Welch of old Charter Oak park fame as proprietor. Horsemen everywhere were quite sure that even against the handicap of a no-holding law, Mr. Welch could succeed in beckoning back all of the old attendants, and most of them were there.

If Your Liver is Wrong, You Are Wrong All Over.

A torpid, inactive liver goes hand in hand with constipation, and is a chronic condition, one requiring a systematic, directed effort to overcome effectually and establish conditions of health and perfect body drainage.

Smith's Pile and Butternut Pills, containing the two elements needed to increase liver activity and muscular action, go accurately to the sluggish liver and bowels, restoring them to perfect action. They are composed of the two great vegetable agents, pineapple for the stomach, liver and gastric secretions, and butternut for the mucous membrane, circulation and bowels, and always give best results—they are Nature's own laxative.

Thousands of satisfied and grateful people have written us about the great benefit they have received from these pills. Here is one: Mrs. W. A. Lester, of Fairhaven, Pa., writes: "I have been suffering from piles for many years, and have tried many remedies, but nothing has done me any good. I have been using Smith's Pile and Butternut Pills for a few days, and I feel like a new man. I have no more pain, and I am able to do my work as usual. I highly recommend these pills to all who suffer from piles."

To Cure Constipation, Biliousness and Sick Headache in a Night, use

SMITH'S PINEAPPLE BUTTERNUT PILLS

60 PILLS in Glass Vial 25c.—All Dealers.

SMITH'S For Sick Kidneys

Per order ROGER L. WALKER, CHARLES H. CONANT, Assignees of M. A. Walker & Co.

C. F. KEYES, Real Estate Auctioneer

Commission Rooms Old B. & M. Depot, Green St., Lowell, Mass., Tel. 1435.

On Saturday, at 3 p. m. A VERY CHOICE BUILDING LOT, LOCATED ON CONCORD STREET BETWEEN SHERMAN AND ROGERS STREET VERY NEAR THE PARK, CONTAINING ABOUT 5000 SQUARE FEET.

I have been instructed to sell on the premises regardless of any conditions of the weather, this very choice building site. The lot is high, dry and level. It has a frontage of about 50 feet, is about 100 feet deep and contains about 5000 square feet. It has sidewalk, sewer, and is on a smooth paved street. Now for someone who wants to build in Belvidere this is his opportunity, as the location is one of the best. The location is first class for the putting of two-tenement houses, it being very convenient to cars, schools, churches, parks and several large industries. Remember hour and the day.

Terms: \$100 to be paid to the auctioneer as soon as struck off. Make all inquiries of C. F. Keyes, who is in full charge.

On Saturday, at 4 p. m. A TWO-TENEMENT HOUSE AND ABOUT 3000 SQUARE FEET OF LAND AT NO. 31 WEST THIRD STREET, CENTRALVILLE.

I shall offer for sale on the premises regardless of any conditions of the weather, a two-tenement house and about 3000 square feet of land, at No. 31 West Third Street. There are five rooms with one tenement and seven rooms with the other, and rents for about \$240 a year, and is occupied by two very nice tenants. The lot has a good frontage on West Third Street and contains about 3000 square feet and is all fenced in. Now then, here is a proposition that should interest the home seeker, as he could live in one tenement and have the income of the other. It is in a good location, is but a short distance from Belvidere street and about seven minutes' walk to Merrimack square. Look this proposition over—it's a good one.

Terms: \$250 to be paid to the auctioneer as soon as struck off. C. F. KEYES in charge.

In the big race. She was placed at the 45-foot mark, and by her side was San Francisco, a Detroit good one with a mark of 207 1/2. Sonoma Girl's mark is 204 1/2, but for this race each horse was rated at 208, that's why they started together.

Time had rolled around to past five o'clock before the signal, a barrel painted red and hoisted to about half staff on the flagpole in the middle of the oval, was lowered. It came down slowly and the horses were on their way before the flag and receptacle stated on its way down.

The scene of the race was indeed exciting. Forty odd horses with jockeys and trainers at play tore around from the three-quarter mark into the stretch and came under the wire like a troop of cavalry in desperate charge. On they went for the succeeding full turn of the track, and it seemed to some as if the must certainly be a crash of wheels and a tangly pile-up of men, horses and sulkeys.

But nothing to mar the pleasure and elation of the day happened. The favorites, who were so far back when the red barrel began to move earthward, had not a ghost of a show to get through the dense, bustling bunch in the fore.

The winner was Baron Alcyon, an unmarked bay horse by Baron II, out of Brownie, by Alcyon. When the flag shot under the wire the great crowd on the ground and in the stands sent up a loud cry of applause and rushed to the rear of empty cars at the rear of the clubhouse.

The stands and clubhouse were neatly decorated for the opening, and all the time when the trotters and pacers were not racing an excellent band added to gaiety with catchy selections of up-to-the-moment music.

The attraction today will be the 216 class trotting for a purse of \$1000, the 259 trotting for the same wealth of a prize, and \$15,000 American derby for the pacers.

country were on hand, and the worth and disadvantages of the continental system of handicapping came in for a great deal of discussion. Under the circumstances of prohibitive laws regarding speculation on the outcome of heats and races, it was a bit surprising to old racegoers who love the sport for the sport itself to see so many speculators.

They were scattered in the green inclosure in front of the grandstand, they filled the bleachers, the main pavilion, the piazzas of the clubhouse and fringed a half-mile of fence at the back of the track. Between 7000 and 10,000 men and women enjoyed the sport. They were patient, too, in the cool of the breeze, especially during the delay while the 45 odd horses were being placed, and coaxed to behave for the big \$35,000 handicap.

But there was racing and good racing, too, for some considerable time before the entrants for the big purse were called. This opened with a 212 class trotting event, which seemed to be of special interest to the women in attendance. This was, perhaps, because the favorite racer, carried the name Alice Roosevelt. When she first appeared on the track her name on her blanket disclosed her identity and the women gave her a merry hand.

She won the first heat quite handily, but was outdone in the second by Fair Margaret. When the third was called she was reined to a fine position by her driver, but she had to do some sensational racing. All the way around she had to fight for every inch of ground, for Fair Margaret was out for the money and her driver meant that she should arrive in time to get it. The race was the merriest of the afternoon. Alice Roosevelt galloped about half of her head beyond that of Fair Margaret's coming under the wire.

The 206 class pacing resulted in a win for Walter W. a bay gelding with a mark of 2:05 3/4. The time was 2:08 3/4. In the 211 class pacing Earl J. electrified the crowd by the speed he displayed in a 211 class. He did it so swiftly, so perfectly, so steadily, coming down the stretch to the wire so easily, that the great crowd shouted in spontaneous approval.

"Why," said one enthusiast to a companion, "that driver is simply out of his mind. He isn't racing."

Thousands of human countenances glowed with anticipation when the announcement was made that the next event would be the trotting race for the purse of \$25,000. There was immediate movement in the crowd on the green, and scores of men hurried to the half-mile section of the track to watch the start. This event being for a mile and a half or 750 feet, it was necessary to start the horses on the half-mile side.

The scratch horse, Uhlman, had been withdrawn as much is expected of him on Friday, and his owner did not care to impair a good opportunity by such a long race in such a big field of entries.

Sonoma Girl, from the racing stable of Miss Lotta Crabtree, was the favorite and the last animal to get away

THE MAN IN THE BASEMENT

MR. GEORGE LEARMONTH

A few days ago mention was made of the new bargain basement at which the O'Donnell Dry Goods Co. proposed to open in a short time. The arrangements have been completed and the opening announcement will be made in a day or two. In the meantime a word regarding the man in charge of this department may not be out of place.

Mr. George Learmonth, who comes to the O'Donnell Company, to take charge of the basement under Mr. Kelly, the general manager, has had an experience which makes him a valuable addition to the O'Donnell corps. His first business training was obtained in Edinburgh, Scotland, where he served an apprenticeship at the business office which he came to this country and for four years was with the Wamsutter, Philadelphia store. He then went to the Ehrlich Brothers, New York, where he remained for two and a half years, after which he served Simpson, Crawford & Simpson. He then went to Jordan, Marsh Co., and from there came to the O'Donnell Company.

This firm is to be congratulated in securing the services of a man of the experience and ability of Mr. Learmonth to take charge of this new department.

NEWELL PUTNAM

Is Back in the Harness Again

Newell F. Putnam is on deck again. The reins of the street department are in his hands but he allows that somebody else may pull the reins over the horse that nearly cost him his life in Varnum avenue several days ago. That horse is labeled unfit for service in the street department and Mr. Putnam has made requisition upon the purchasing agent to sell the horse.

Mr. Putnam left the Lowell General Hospital Sunday afternoon. After he had been at the hospital a few days City Engineer Bowers called to see him and during the course of their conversation Mr. Bowers said: "I hope you will not drive that horse again. He is not a safe horse and if you insist upon driving him you ought at least not to ask anybody to ride with you. You know that horse has run away several times since he came to Lowell and he is not fitted for the purpose for which he is being used."

Mayor Held It Up

Mr. Putnam said he was afraid of the horse, but he finally decided not to take any more chances with him and he made requisition upon the purchasing agent to sell him. That was three days after Mr. Putnam was taken to the hospital and the horse has not been sold, because Mayor Brown would not sign the requisition. Just why the mayor refuses to sign it is a question.

Mr. Morse Would Like Him

Ex-Superintendent of Streets Charlie Morse said that if he owned the horse he would not take \$500 for him. The horse ran away with Mr. Morse and came nearly near putting him out of commission, but it seems that Charlie still likes him. The horse has shown by his miserable actions, his bolting and plunging, that he is not a safe horse and he ought to be disposed of either at auction or by private sale. The horse has been idle since the accident.

Will Not Lose Ear

When Mr. Putnam was thrown from his wagon in Varnum avenue one of his ears was torn almost from his head and it was feared that he would lose it. He still has his ear, however, and the doctors assure him that it will be all right. Mr. Putnam is feeling all right and does not suffer as the result of his accident.

Directed the Work

Although the mayor appointed Superintendent of streets, the work of the department was laid out by Mr. Putnam, except for the first few days after his injury. After the third day he took his instructions to his subordinates from the hospital.

OPEN ALL DAY THURSDAY

Miley Helman & Co.

RELIABILITY

211 MERRIMACK STREET

CLOSED MONDAY SEPT. 6th

This is Carnival Week At the Specialty Shop

And it bears a more significant meaning than simply announcing the arrival of New Autumn Goods. It means a whole week of exceptional values, just to stimulate early buying of new merchandise when most stores are content with last season's styles for at least another month. Particular women will hail this timely opportunity with delight, and our welcome to all will be a Carnival of Bargains seldom seen or offered.

Tailored Waists

The new Autumn models are mostly in tailored effects, and certainly they deserve attention by all who appreciate Style, Quality, Fit and Finish.

Early orders placed months ago are piling in upon us, but there's not a waist among the many shipments thus far received but what has started on a lively move—Nothing short of that keeps pace with the Miley gait.

120 Pure Linen Tailored Waists with tucked button fronts, something you rarely see or hear about at **95c**

360 Tailored Striped Percales, beautiful patterns, in white with fine black stripes; white with blue, green, brown or holly stripes and many other combinations. **95c**

Plain White Tailored Waists with broad or narrow tucks—excellent material and splendidly put together by makers who know how. **95c**

Tailored Linens are simply running away from other materials and styles—our greatest difficulty is in getting them from the makers to keep pace with the demand. Tucked embroidered front, pure linen Waists—the best value you or we have ever seen. Regular value \$2.95. Carnival price **\$1.95**

These are limited in quantity.

New Auto Veils 79c

We purchased recently 500 Silk Chiffon Hood or Button Veils and have since duplicated on them. They are the best and most practical automobile Veil ever constructed, and are sold regularly at \$1.25. We have them in every wanted color, including black and white. They appeal strongly to women who appreciate value and practicality. Carnival price **79c**

We carry everything in Veils and Neckties that can be found in any representative stock. Good quality, square Silk Chiffon, hem-stitched Veils **\$1.00**

1 1/2 yards Silk Chiffon Cloth **\$1.50**

Fish Net Veils, self or combination spots, ribbon trimmed **\$1.95**

Hood Veils, silk chiffon cloth, all colors **\$1.75**

Embroidered Lace Net Veils, \$1.125, \$1.50

New Autumn Patterns Veilings, by yard, **25c and 50c**

A BIG ART DEAL

The Price Paid Was \$2,500,000

PARIS, Sept. 1.—Another big art deal is announced in the purchase by Duveen Brothers, art dealers, with a branch in New York, of a portion of the famous Maurice Kann collection of paintings. The price paid was \$2,500,000. The paintings include four Rembrandts, Greco's portrait by Franz Hals, two of the works of Jacob Van Ruyssdael, one by Albert Cuyp, one by Reynolds and eight Doucher panels painted for Mme. Pompadour.

REPORT CONFIRMED

NEW YORK, Sept. 1.—The famous Maurice Kann collection of old paintings has been purchased in Paris by Duveen Brothers, art dealers. The price paid was \$2,500,000.

According to a report of the Duveens in New York, the Maurice Kann collection, although not well known in America, has long held a place in the opinion of European connoisseurs second only to that occupied by the great Rodin-Kahn collection, which the Duveens secured two years ago at the unprecedented price of \$5,000,000.

LORD BERESFORD THREE NOTABLES INVITED TO ATTEND

ALBANY CONFERENCE ON INCOME TAX

Formally Opened Canadian's Exhibition

TORONTO, Ont., Sept. 1.—After pressure the button which set all the machinery of Canadian National exhibition in motion and of course the great fair which, Lord Beresford was invited to attend by the government yesterday, in reply to an address of welcome he said:

"It is a privilege to be here at the result of the imperial conference which has been held in London. We have been here to discuss the future of the empire, and we have been here to discuss the future of the empire."

"There is no insurance for peace and a strong army."

"Our supremacy at sea has been threatened in language that is unmistakable. In the near future, that threat may become a reality. It is our business as an empire to see that our present position is not jeopardized in any way."

"We have arrived at a crisis in our history as an empire. We are at no disadvantage as to the future of the empire, nor do we hold threats to other nations."

"But we are determined to hold our own and let all know that our insuperable supremacy at sea shall be kept. Instead of the British navy, which has maintained that supremacy in the past, the other four navies have offered to come in and share some of the burden, standing shoulder to shoulder as Britain's allies, to hold what we have. Union is strength; closer union means greater strength."

"The heart of the empire is absolutely dependent on the practical and pure delivery of the water-horse feed and raw material supplied by its arteries—the trade routes."

"A successful attack on the trade routes would paralyze the trade of the Dominion as well as that of Great Britain."

"If therefore becomes a matter of life or death to the British empire to remain supreme at sea. Any attempt to wrest that supremacy from us must be met by a steady, reasoned and determined effort on our own part to determine what we hold, command of the sea is a necessity for our existence as an empire."

"The tendency of late has been to gain complete naval supremacy in the North sea. No doubt that would protect the heart of the empire—the British Isles—from invasion, but the complete naval supremacy on all the seas can alone secure the continuance of the supremacy as a whole. That has been lately been realized by Britain throughout the world."

SAINT PAUL

GETS CONVENTION OF LEAGUE OF MUNICIPALITIES

ST. PAUL, Minn., Sept. 1.—After the hardest fought battle in the history of the organization, Saint Paul has secured the 1910 convention of the League of American Municipalities, an organization composed mostly of city officials scattered all over the continent, which has just closed a very successful three-days' session at Montreat.

Saint Paul was represented by a delegation numbering twenty people, headed by Louis Butz, city controller, and accompanied by the corporation attorney, city engineer, city clerk, a majority of the members of the assembly and board of aldermen, and the manager of Saint Paul's city advertising organization, which provided a very unique and beautiful exhibit, comprising 21 scenes and a number of other interesting features, thereby giving the visitors a comprehensive idea of the advantages and personal appearance of their next host.

Prominent among these views were the Saint Paul municipal auditorium, the new million dollar hotel, the new Y. M. C. A. building and the splendid Minnesota state capitol, and a large number of specially selected scenes, showing the lakes, parks, drives and other beauty spots.

Kansas City and Atlanta made very strong bids for the next convention. The Kansas City delegation was headed by Mayor Crittenden, and made a particularly strenuous fight, but on the first ballot was behind Saint Paul and on the second lost out entirely to the more fortunate competitor. In case of this matter, Saint Paul was the first to be elected, and the first to be elected to the position of host city.

The league will bring some 100 municipal officials to Saint Paul next year, for a two-day session.

Officers elected for the ensuing year, are as follows: President, David Behrman, mayor of Chicago; Vice President, J. C. O'Brien, mayor of New York; Secretary, J. C. O'Brien, mayor of New York; Treasurer, J. C. O'Brien, mayor of New York; and a number of other officials.

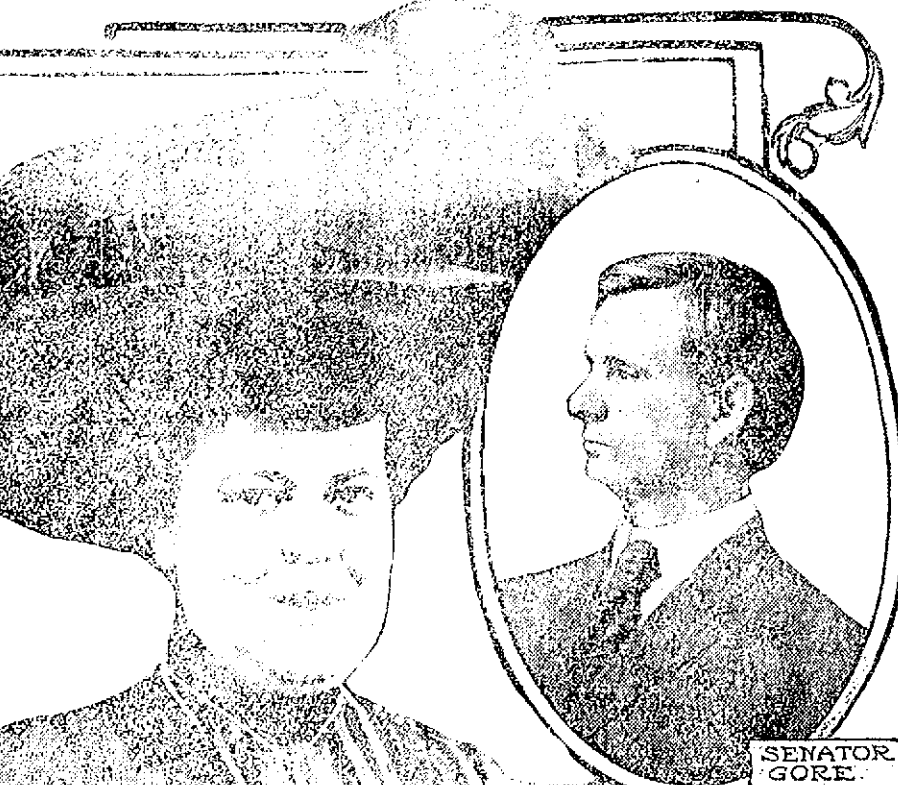

PRES. FALLIERES

RECEIVED MRS. ROOSEVELT'S PARTY AT HIS CHATEAU

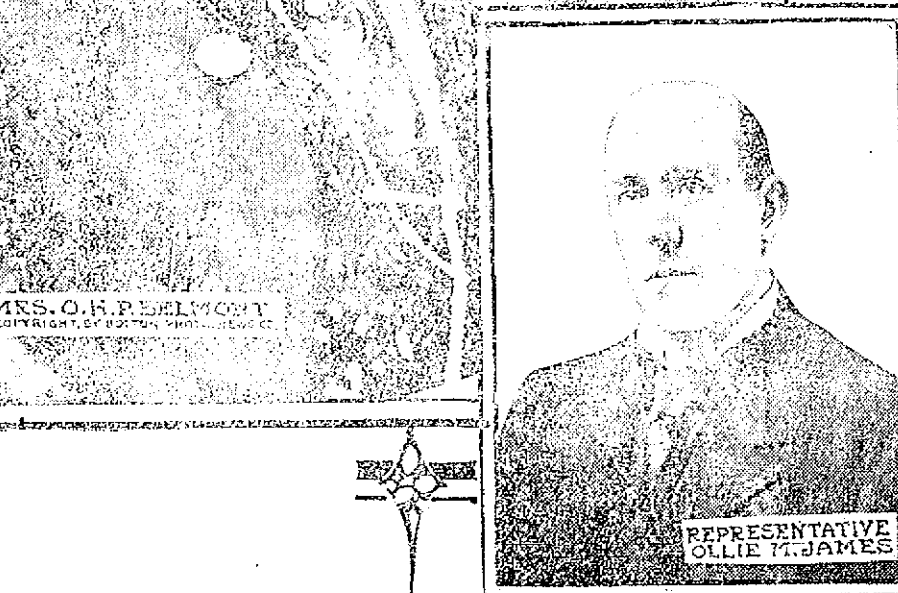

RAMBOUILLET, France, Sept. 1.—The president of France and Mrs. Fallieres, with their family, received Mrs. Roosevelt and Miss Ethel Roosevelt at their chateau. The party was very large and the reception was very cordial. The party was very large and the reception was very cordial. The party was very large and the reception was very cordial.

25 KNOTS AN HOUR

BOCKLAND, N. H., Sept. 1.—A speed of 25 knots an hour was made by the new motor launch, which was launched by the Bockland Motor Launch Co. The launch was very fast and the speed was very high. The launch was very fast and the speed was very high.

SENATOR GORE

REPRESENTATIVE OLLIE M. JAMES

ALBANY, Sept. 1.—Citizens in

important to the future of the democratic party may be expected when the conference of prominent democrats is held in full session at Albany, N. Y., on Sept. 4. The meeting is to be held at the Hotel Albany, which will be the headquarters of the party during the conference.

ESTABLISHED 1878

LOWELL, MASS. WEDNESDAY SEPTEMBER 1 1909

NIGHT EDITION

HELD IN \$25,000

Alleged Counterfeiters Were Held for the Grand Jury

MANCHESTER, N. H., Sept. 1.—John Wilson, alias John Jones, colored, and Arthur Tweed, alias George Smith, the alleged counterfeiters arrested by the local police yesterday, were arraigned in police court this morning under the state law. Three complaints were brought against Wilson, charging him with making counterfeit coin, with offering to pass counterfeit coin and with having counterfeit coin in his possession. The state law provides a maximum penalty of ten years for the first offense named and five for each of the others. The boy, Tweed, was charged with making and offering to pass bad money.

Tweed was represented by Attorney T. F. O'Connor but Wilson declined counsel, saying that there was "nothing to do but plead." In the cases of both prisoners pleas of not guilty were entered and examination was waived. The pair were held for the grand jury which meets in Nashua September 21 in \$5000 on each of the five counts. After being photographed they were taken to jail.

The negro, who is regarded as the brains of the combination and who appears an exceptionally bright fellow, pleaded with the police for leniency for his 19-year-old pal, saying he was only a boy and that it was his first crime. The boy has a widowed mother in Canada.

THIRD MARRIAGE

Pittsfield Man Husband of His Aunt

PITTSFIELD, Sept. 1.—Mrs. Adaline Rucks of Wichita Falls, Tex., came to Pittsfield Monday to be married to her nephew, Eli Ballinger, formerly of North Adams.

The bride weighs 325 pounds, the groom 115. She is 52 years of age, he is 50. This was her third marriage

Electric Toast

The new electric toaster is for use in the parlor or dining room.

Toast is made quick and served hot for early breakfast or afternoon tea.

Thirty days' trial free.

PITTSFIELD, Sept. 1.—Mrs. Adaline Rucks of Wichita Falls, Tex., came to Pittsfield Monday to be married to her nephew, Eli Ballinger, formerly of North Adams.

The bride weighs 325 pounds, the groom 115. She is 52 years of age, he is 50. This was her third marriage

Erected to Memory of Jesuit Missionary

MACKINACK ISLAND, Mich., Sept. 1.—Pere Marquette, the Jesuit missionary whose name is inseparably interwoven with the early history of Michigan and the great lakes, was honored here today in the unveiling of a \$7,000 monument to his memory. The bronze represents the missionary standing erect and clothed in his priestly robes. Justice William R. Day of the United States supreme court and Rev. Father Cunningham of Marquette college and Milwaukee delivered addresses and Speaker Joseph C. Cannon of the national house of representatives presided at the unveiling ceremonies.

A. P. SAWYER

APPOINTED TO POSITION OF AUDITOR OF PORTO RICO

WASHINGTON, Sept. 1.—It was learned here last night that President Taft had appointed A. P. Sawyer of Seattle, Wash., to be auditor of Porto Rico to succeed G. C. Ward. Mr. Ward has been named to succeed W. F. Willoughby as secretary of Porto Rico who is to become assistant director of the census.

PETITIONED INTO BANKRUPTCY

BOSTON, Sept. 1.—The Winthrop M. Baker corporation, one of the oldest confectionery concerns in Boston which assigned to Melvin M. Johnson of this city for the benefit of creditors, has been petitioned into bankruptcy for a total sum of \$1,814. The petitioners are Winslow B. Taylor, the W. B. Quimby Co., and the Andrews Burr Paper Co. The total liabilities are unknown.

TO SAVE \$10,000,000

Hitchcock at Work on Plans in the Postal Service

WASHINGTON, Sept. 1.—Postmaster General Hitchcock is busy inaugurating a number of reforms and improvements in the methods of carrying on the business of different bureaus in his department.

His idea is to call conferences of important officers of the different bureaus, outline his plans to them and then let them work out the details and put the machinery in operation.

In all of the steps which he has taken or is contemplating Mr. Hitchcock is bearing in mind the policy of Pres. Taft to reduce government expenditures. The president has urged his cabinet officers to co-operate with him and with each other in saving \$50,000,000 a year.

The total projected saving has been apportioned tentatively among the several departments. Secretary of the Navy Meyer, for instance, has reduced the estimates for appropriations for his department \$10,000,000 below the appropriations for the current fiscal year. There have been large reductions in the war department and other branches of the government service.

It is said that the retrenchment policy will be carried out in the postal department to the extent of reducing expenditures by \$10,000,000 a year. While endeavoring to reduce expenditures Postmaster General Hitchcock does not intend to injure the efficiency of the service.

This is indicated by other reforms which he has brought about within the last few days, notably the establishment of a new fast mail train from Chicago to Portland, Ore., important changes in the system of transferring foreign mail from ocean liners to the postoffice and trains for interior points

ONCE WAS WEALTHY

Former Wife of Millionaire Duke Arraigned in Court

CHICAGO, Sept. 1.—In the unkempt, ill-used woman whose feverish lips answered to the name of Alice Webb Duke in Judge Gimmell's court here today there was little to remind the spectators of the former wife of Bredele L. Duke, the millionaire tobacco man.

Mrs. Duke was arrested last night, charged with having failed to pay a \$10 automobile bill. In her cell last night she sang snatches from grand operas. Today Judge Gimmell, on the statement of a physician that the defendant is insane, held her for examination in the county court.

"Does that mean that I am irrationally insane?" pleaded the woman. "No, not at all," answered the judge softly.

The former mistress of millions was brought into court by a policeman. In her well worn brown skirt, soiled shirtwaist, and the neglected coiffure which she attempted to smooth occasionally with a gritty hand, she was part and parcel of the sordid police court picture.

Moved to the bar, the woman raised her long thin arms in a gesture of supplication and in a low, but audible voice, repeated the Lord's prayer. Then she began singing "Nearer, My God, to Thee," in a remarkably sweet voice.

"I lost my voice last month—my beautiful voice—because I was nearly starved but the shock of my arrest brought it back to me," she explained in the court.

Judge Gimmell asked her a few questions to which she returned replies to the effect that she is worth millions and that there is a plot against her life.

FEDERATION OF LABOR

Outlines Plans Made to Defeat Governor Draper

ALL LOWELL IS GOING TO THE AUTOMOBILE CARNIVAL

Don't leave the purchase of your tickets until next week. Grand stand seats are selling fast. The out of town rush may clean them all out on Monday. Boxes and grand stand tickets at Lead's Ticket Agency, Rancie block, Park St. P. S. Bean, 607 Boston St. Buy where it will help the Lowell Automobile club.

THE NORTH POLE

Was Discovered by Dr. Cook, an American

COPENHAGEN, Sept. 1.—Dr. Cook, the American explorer, reached the North pole April 21, 1907, according to a telegram just received at the consular office here. The message was received from Lervik, Norway.

Dr. Frederick A. Cook, accompanied by a Norwegian, left New York, Greenland, March 1, 1908, taking with him eight sledges, four sledges, and twelve dog teams. He was to make his way through Ellesmere island, Dr. Cook's way to the pole.

Dr. Cook is on board the Danish government steamer, Hansa, which passed Looe at noon today enroute for Denmark.

The telegram announcing Dr. Cook's achievement, was sent by a Greenland official on board the steamer and reads as follows:

"We have on board the American traveler, Dr. Cook, who reached the North pole April 21, 1908. Dr. Cook arrived at Thule, the northernmost settlement in Greenland, on an island on the west coast, in May of 1907, from Cape York (in the northwest of Greenland, on Smith Bay). The Eskimoes of Cape York confirm Dr. Cook's story of his journey."

Dr. Frederick Cook, who is reported to have reached the north pole is a resident of Brooklyn, N. Y. For years he has given his attention to Arctic explorations and in 1901-02 was surgeon in the Henry Arctic expedition and in 1907-08 surgeon of the Helian Arctic expedition. He has received numerous decorations from the imperial societies of Europe for his research and writings in the Polar field.

Dr. Cook started on his present expedition in the summer of 1907, sailing from North Sydney, C. B., on board the steamer John R. Bradley with Captain Mess Bradley as sailing master. The party was reinforced with sleds, provisions and Arctic equipment at Etah, Greenland where they sailed March 8, 1908. Dr. Cook's plan was to set aside all tradition by making the dash to the pole during the winter months when the elements are considered least adverse to an advance northward.

Nothing has been heard from Dr. Cook for the last eighteen months. A special committee of the Arctic club has, however, made careful calculations upon his probable whereabouts and had reached the conclusion that Dr. Cook had discovered the pole.

It was Dr. Cook's plan to make his base of supplies or permanent camp at Annatash in Greenland, about 20 miles north of Etah. This would place him about 100 miles from the North pole. He first made his way westward out of the cañon and across to Ellesmere island, the Arctic club calculates that he reached this position in the spring of 1908. The last news received from him was dated March 1, 1908, when he was near Captain Thomas Hubbard.

He then reported that his health was excellent, that he had picked up a large party of Esquimaux of superior intelligence and that his prospects for success were bright. He intended to push on to the northern point of Greenland from there start his dash to the pole.

He was married in Brooklyn in 1902 to Miss Mary Hunt. His wife has kept close on his progress and it is the belief of the Arctic club that her husband has achieved the goal of the North pole.

MAN IS DYING

He Was Chauffeur for Prince George

BELGRADE, Servia, Sept. 1.—The newspaper Svoboda which first published the story that Crown Prince George had assaulted his valet, a statement which he has since repudiated, has today with regard to a French chauffeur today played by the prince. It declared that the chauffeur recently received serious injuries and that he was conveyed secretly to a Belgrade hospital where he now lies in a dying condition.

Miss Alice Harrison, bookkeeper in the office of the Bay State mills, will spend the next two weeks at the Pineville house, South Lyndeboro, N. H.

Miss Anna Hayward of Worcester is visiting with her cousin, Miss Jennie Farrell of Broadway.

Mrs. Patrick J. Spencer and children, Helen, Louise and Arthur, are occupying a cottage at Revere beach.

Misses Grace and Jennie Spencer have returned from a most enjoyable vacation spent at Salem Willows and Revere beach.

Mr. John H. Murphy of the purchasing agent's office is passing the cars around. A little stranger, a baby girl, arrived at his home in Mt. Washington street, Tuesday morning.

He then reported that his health was excellent, that he had picked up a large party of Esquimaux of superior intelligence and that his prospects for success were bright. He intended to push on to the northern point of Greenland from there start his dash to the pole.

He was married in Brooklyn in 1902 to Miss Mary Hunt. His wife has kept close on his progress and it is the belief of the Arctic club that her husband has achieved the goal of the North pole.

PHILLIPS KILLED

Five Other Young Men Injured in Auto Accident

WEST TISBURY, Mass., Sept. 1.—Water Phillips of Phillipsdale, R. I., was thrown from his seat and instantly killed and five other young men were injured early today when an auto in which they were riding skidded at a sharp turn in the road, breaking a wheel and coming to a sudden stop.

The injured: Francis Vanderlip, Boston; Joseph Kelly, Medford; George M. Brude, Edgarton; William Sweney, Oak Bluffs; Charles Kotsch, chauffeur, New Britain, Conn.

The young men were all spending the summer at Oak Bluffs. Early today they decided to take an automobile ride across the country in the moonlight. Accordingly Kotsch, the chauffeur, got out the big touring car of his employer, W. H. Hart of New Britain, Conn., a wealthy automobile manufacturer.

The big machine was speeding along on the West Tisbury road when a sharp turn was reached. Kotsch attempted to make the turn without greatly reducing speed and the machine began to skid. The back wheels struck the soft earth at the side of the road, one of them broke and the big car came to a sudden stop.

Phillips was on the front seat with the chauffeur and when the car pulled up with a jerk he was thrown into the roadway. He struck on his head, broke his neck and died instantly.

The other young men were tumbled into the automobile along the side of the road. They were badly shaken up and sustained contusions about the body but sustained no serious injuries.

Phillips was a son of H. O. Phillips, the latter was notified of the accident and hurrying to the scene in his automobile he found his son's body to his surprise home at Oak Bluffs.

WAS P. E. STUDENT PAWTUCKET, R. I., Sept. 1.—Water Phillips was the only son of H. O. Phillips, millionaire head of the Phillips Petroleum Co.

6 O'CLOCK GUN CARRIERS WARNED

Judge Hadley Will Make an Example of Them

Men Who Carry Loaded Weapons Will be Severely Punished—Violators of Milk Law Get Stiff Fines—Other Cases in Police Court

James Monous, the young man whose attempt to elope with a charming daughter of the Greek colony, resulting in his arrest and that of his two brothers-in-law, was fined \$15 in police court this morning on a charge of carrying a loaded revolver.

The brothers-in-law yesterday were fined \$45 each for carrying guns, for it will be recalled they chased the eloping pair on a Canobie Lake car and caused consternation among the passengers by flourishing revolvers while Monous when arrested later, after an argument with his bride's brothers in Merrimack street, was also found to have a gun concealed on his person.

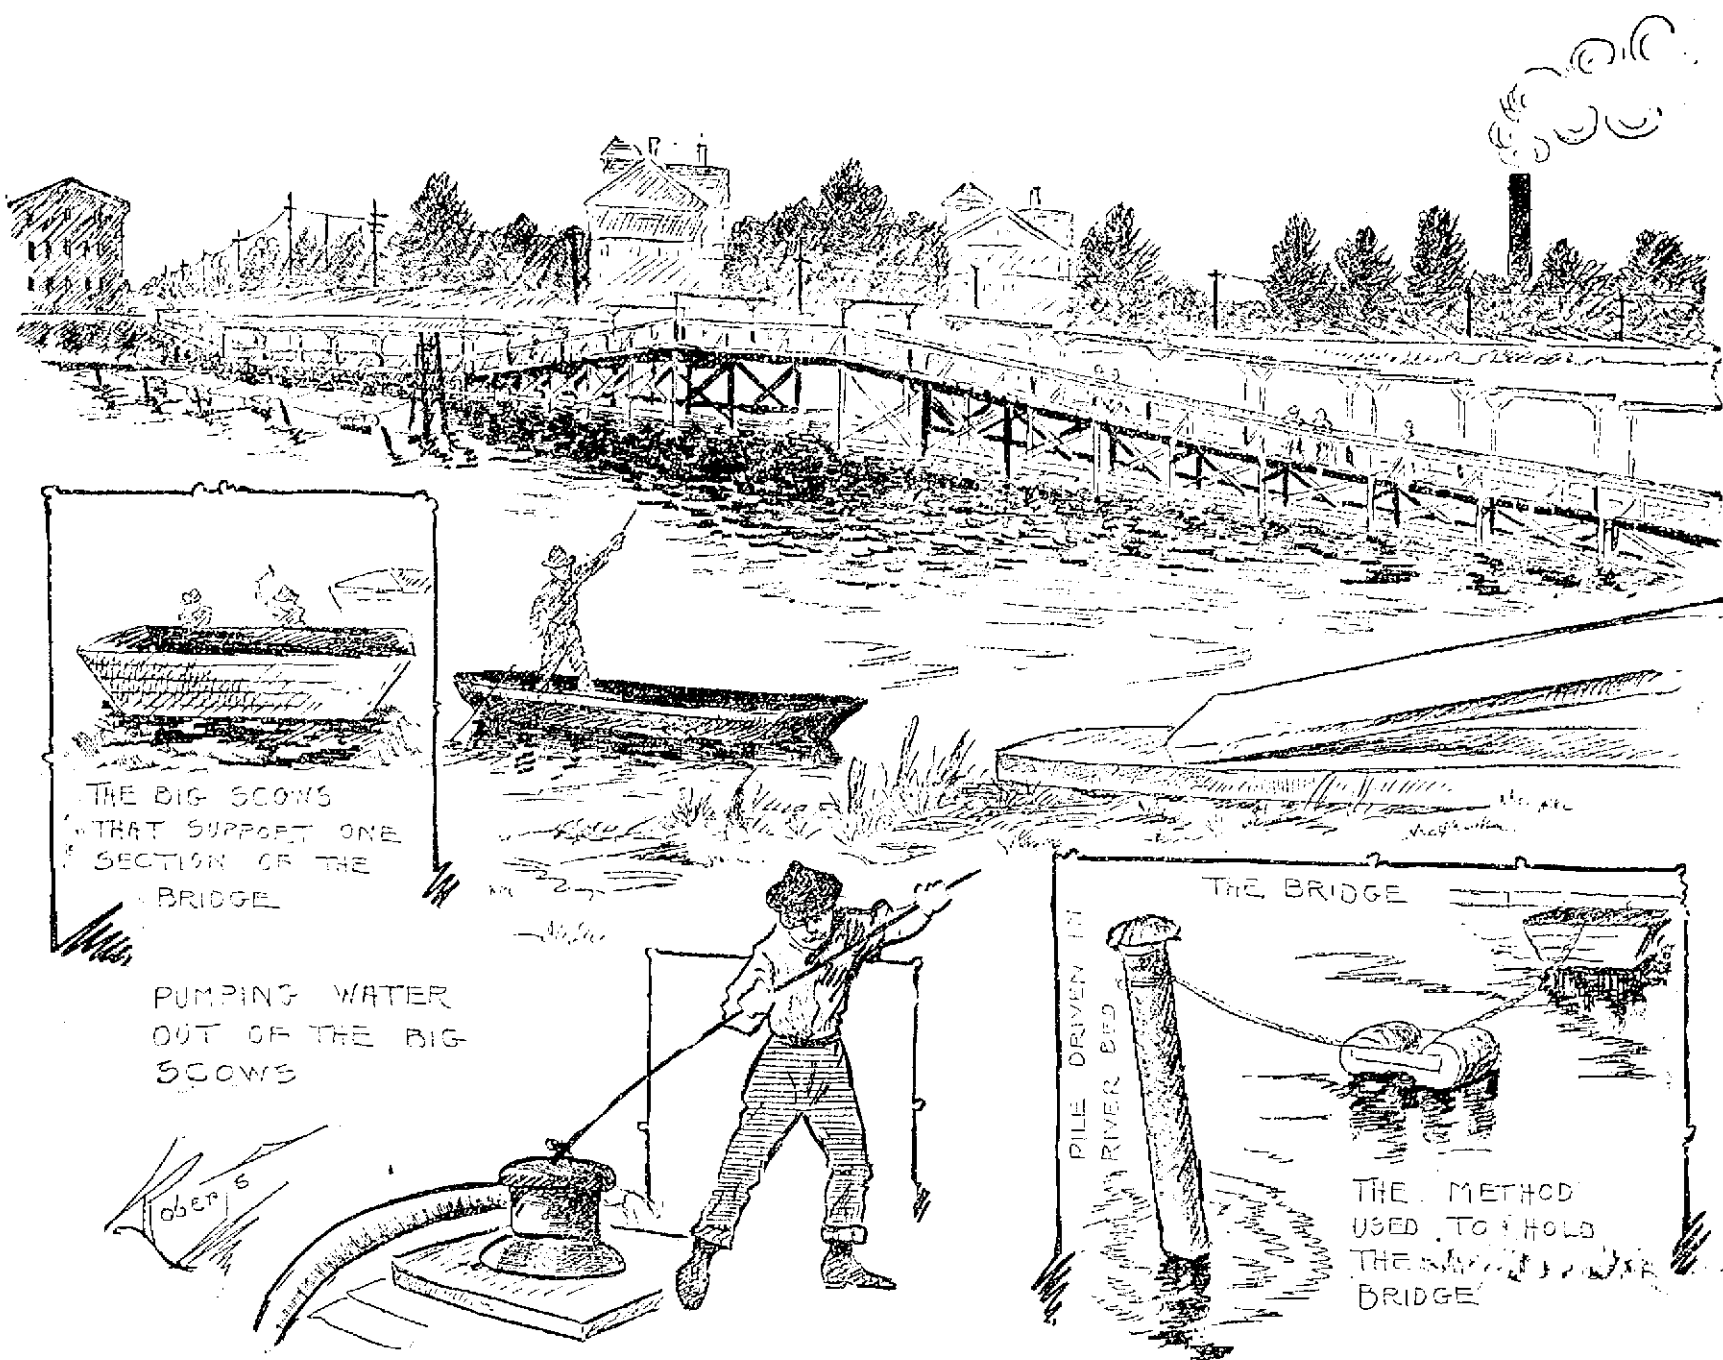

Lawyer Leggett, who appeared for Monous, informed the court that since the elopement the brothers of the girl had threatened to shoot the defendant, whereupon Judge Hadley remarked: "If I hear of any more of these threats I will deal with them with severity and there will be a direct sentence to the house of correction." The defendant paid his fine.

All of the dozen or more drunks were fined. They included two women. John Paul, the young man who pleaded guilty on Monday to assault and battery on Catherine Dow, who is in the hospital as the result of falling or having been thrown down a flight of stairs, was continued until September 8th. The Dow woman is still in the hospital.

Public Guardian and Arthur Langlois pleaded not guilty to the charge of unlawfully taking a boat, the property of William F. Summs, of Billerica. Mr. Summs said that the two men took the boat without his consent and when he hailed them about it they said that they had hired it from a man and had paid him for it. The two defendants testified that they were looking for a boat to hire and came across a man standing beside a boat. They asked him where they could hire a boat and he offered them the boat beside him, charging them 35 cents. Judge Hadley found them not guilty and ordered their discharge.

Non-support of his two small children and he informed the court that he had a home for them in Lynn where he is working at his wife would go there. The court turned the couple over to the probation officer.

A. Rouchard and Leslie D. Hall were charged by the state officers with violation of the milk laws. The former was fined \$50 and the latter \$100. Appeals were taken.

THE PONTON BRIDGE ACROSS THE MERRIMACK RIVER

JUSTICE MOODY SIX ARE MISSING

Seized With an Attack of Rheumatism 130 Buildings Destroyed by Cloudburst

HAVERHILL, Sept. 1.—Associate Justice William H. Moody of the U. S. supreme court, who is convalescing from a severe attack of rheumatism, returned to his home in this city last night.

He arrived on the 6 o'clock express from Boston, having come through from New York yesterday. The train was stopped at the Bradford station to avoid the engine, although this express is scheduled only to stop at the Haverhill depot.

An automobile ambulance had been ordered, but as it did not appear the city ambulance was summoned. Private Secretary J. A. Knatz was provoked because of the delay, but Justice Moody made a joke of the incident. He was taken to his residence on East Main street.

Justice Moody was first afflicted last May and went to Hot Springs, Va., for treatment and later to New York. His condition has recently shown marked improvement and this led him to expect to be home in a few days.

In a statement given out last night by Mr. Knatz it is made clear that Justice Moody's condition is not such as to cause his friends any alarm. His physicians believe firmly that he will recover through the change of the weather and of necessity be gradual.

The justice is ordinarily robust and robust. Rheumatism is an old foe and has for years given him much pain.

A LIVELY BLAZE

In the Chinese Colony in Providence

PROVIDENCE, Sept. 1.—A lively blaze in a two-story house on Exchange street in the heart of the Chinese colony early this morning caused great alarm to all of the guests of the hotel. The fire broke out in the kitchen and spread rapidly to the rest of the building. The flames had broken through the roof of the Chinese house and were lighting up the neighborhood. As the house abutted on the rear of the hotel it was feared it would spread to the hotel. The guests were immediately warned and they did not wait to deny any. Bodies but did to the street at once. The damage was confined to the house where the fire started.

STATE TROOPS

TO TAKE PART IN CUSTER'S LAST BATTLE

MERRILL, S. D., Sept. 1.—Capt. Merrill and the other officers of the 6th Cavalry B of the state troops, will play the part of Custer and his men in the historic re-enactment of "Custer's Last Battle" which will be given in this city during the celebration of the Cheyenne reservation. The Indian department has even authority for the use of horse slaying and men for the purpose of this re-enactment and more than 1500 Indians in all their war regalia will be under his command.

TODAY'S TRY OUT

Thousands Viewed Early Morning Spins Over Auto Course

About a Dozen Cars Were on the Track and no Mishap of any Kind Marred Their Practice—Many New Arrivals, Among Them the, Benz Cars

About a dozen of the automobiles of the speed that the cars made some of the turns it was impossible to judge the oil.

The poor mechanician was the man who was treated to a liberal application of the black rubber-like matter for on the majority of the cars the mechanic's side of the car is with out mudguards.

Lytle and Grant Made Fast Time

Lytle in the Apperson "Jack Rabbit" and Harry Grant in the Alcoa did some good stunts, both drivers confining their cars over the course at different times in less than 10 minutes.

The people who are enthusiastic over the race were on the course long before 10 o'clock and in fact from 10 o'clock until 5 o'clock there was a steady stream either up Varnum avenue or the boulevard.

The majority of the people seem to be attracted to Dunbar avenue. One of the reasons for picking out that location is that the cars do not pass close to the spectators at that point and the spectators also have a good chance to see some spectacular driving at either the entrance or exit from Varnum avenue.

It was thought that the threatening weather of this morning would tend to lessen the number of spectators, but there were about 2500 on hand when the people have got the automobile craze very bad and are willing to sacrifice several hours sleep in order to see everything that is going on can be seen by those who attend the tuning up trials in the morning.

Hundreds of people with dinner pails and tin under their arms reached the scene at five o'clock in the morning and remain there until there is not time enough for them to get from the course to the mill or shop where they work all day. Those who are employed in stores longer on the course until after seven o'clock and then make their way homeward.

Varnum Avenue Oiled

Yesterday afternoon one side of that portion of Varnum avenue between the turn at Dunbar avenue and the Turnpike road was oiled and when the drivers started to go over the course this morning they found that one side of the road—that side which was free from oil—was the only really good place to run their cars on. The drivers to a man tried to avoid that side of the road which had been oiled but

ful that the fire-belching machine might swerve to one side and into the crowd.

Grant seemed to have a rather unhappy faculty of encountering the electric car every time he came over the Varnum avenue stretch, but the ease with which he shot through the space between the car and the trees on the side of the road caused the spectators to realize that he had the machine well in hand.

Al Poole Was Out

Al Poole, the driver who was to pilot the Isotta Fraschini car in last year's race, but who met with an accident at the Hailpin turn several days before the race meet, was out "by his lonesome" this morning. He did not have his regular machine, using a touring car instead. Neither did he have a mechanician, but his cream-colored car was very much in evidence and when he passed there was sure to be some dust flying.

Chalmers-Detroit Aggregation

The Chalmers-Detroit bunch was very much in evidence during the morning hours and were there with the speed, while Lee Lorimer in his Chalmers-Detroit pounded the road in a consistent manner. Lorimer made some fast rounds, one of them being done in 12 minutes flat.

The Big Benz Car

Ernest Stoecker in the Benz car attracted a good deal of attention and the majority of people took him to be Barney Oldfield.

Bert Shaw, in the Stoddard-Dayton, had it out with several of the other cars at different points of the course, while the little Maxwells were here, there and everywhere.

Jack Coffey, with his sieve like machine, made round after round and has demonstrated the fact that he has the course down to perfection and will be one of the most dangerous competitors in the class 3 race to be held on Labor day.

Harraun in the Buick

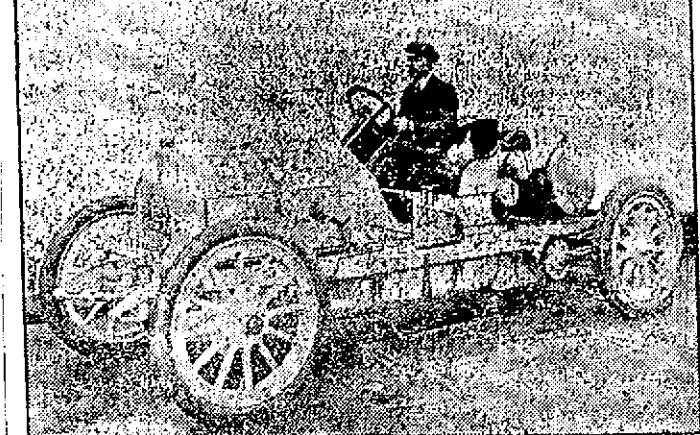

The first Buick racers to arrive in Lowell went over the course this morning. It being one of the small cars which Harraun will drive. Harraun had a No. 42 on his radiator which led many people to believe that it was Frank Gelow in the Chalmers-Detroit, but the number was one that had been used in another race.

Benz Cars Arrive

The big Benz car, which is entered in the big race Wednesday arrived in

this city yesterday afternoon. Von Gantzen was in charge of the delivery. Ernest Stoecker at the wheel. Rochefort. The Benz and the Moon

came over the road from Boston. His mechanician was James Moon. He came over the road from Boston. His mechanician was James Moon. He came over the road from Boston. His mechanician was James Moon.

ERNEST STOECKER IN THE BENZ CAR.

A few minutes afterward Al Poole went to the City Hall garage. The Isotta Fraschini will be quartered at the City Hall garage, connected with the Richardson House annex, formerly the George House in Appleton street.

STILL NO TRACE

Henri Feron Has Disappeared Completely

Inspector Charles LaFramme returned today from a trip to different places in New Hampshire where Henri Feron has relatives and friends, in the hope of locating the alleged murderer of

Flora Rivers. He was unsuccessful in his search and is of the opinion that Feron has made his way to Canada, if he has not done away with himself.

PRICE OF MILK

Has Been Advanced to Nine Cents

BOSTON, Sept. 1.—Milk is now nine cents a quart.

At a meeting of the Boston milk dealers, held at the American house yesterday afternoon, it was agreed that the retail price of milk, on and after today, Sept. 1, should be nine cents. Instead of eight cents, the summer price, as heretofore. The advance is made a month earlier than last year, when the price was put up to nine cents on Oct. 1, an advance of 10 cents a month later. In the spring, May 1, being the time set when summer prices will begin again.

Representatives of the Milk Producers' Association and the Boston milk dealers have been in conference since Aug. 25, with meetings every day except Sunday.

The Milk Producers' Association, composed of farmers and dairymen, and its members, it is said, charged that an account of the high price of grain and feed they have been selling milk at a loss that on account of its long droughts this summer there is a shortage of hay and scarcity of corn fodder, and threatened to discontinue the production of milk unless the dealers would agree to begin the payment of the winter wholesale price this week a month in advance and continue it a month longer in the spring than last year.

According to the dealers there has been a shortage of milk all over New England since July 1, and as any curtailment in the production would practically mean a milk famine, the dealers, at a conference yesterday, agreed to the terms presented by the representatives of milk producers, and agreed to advance the price to the consumer from eight to nine cents.

The advance in Boston practically means all New England, as dealers elsewhere follow the Boston market and make their prices a corollary.

In a statement issued by the Boston cooperative milk producers last night, signed by Pres. S. H. Abbott and clerk W. A. Hunter, they say:

"This price does not seem fairly to meet the increased cost of production caused by short crops, and the question may soon be repeated again."

Destroyed the Mining Camp of Rawhide

RENO, Nev., Sept. 1.—The mining camp of Rawhide, 10 miles from here, was swept by a cloudburst last evening, a wall of water 10 to 15 feet high, in fact in height rushing through the mine shafts. Six women and children are reported missing, 50 persons are homeless and 100 buildings have been destroyed.

SCHOOL BOARD IN POLICE BOARD

Parochial Kindergarten at Pawtucket Club

Two Officers Put Upon Regular Force

GREEK SCHOOL MUST COMPLY WITH RULES

BIG GRIST OF VICTAULERS' LICENSES GRANTED

John J. Walker, Chosen Trust Commissioner at Salary of \$750—Mayor of New School Buildings in Ward Five Referred.

At a meeting of the school board held last evening the salary of John J. Walker, elected trustee of the new Washington school, was fixed at \$750 for the year, with provision of an increase of \$100 annually until the maximum under the law is reached. Frank A. Burch was elected auditor of the school.

The regulations for the school board were accepted. Mrs. Mary E. Sullivan, one of the trustees of the Greek school, and Miss Sarah G. Sullivan of the Akwaw school. The committee on rules presented the printed draft of a vision, which was accepted with a few alterations.

A communication was received from Rev. Joseph Campana, O. M. L., residing in the Portuguese club house, the president of the parochial school, making the addition necessary. The point was voted.

A letter from the joint committee on education of the city council, recommending the abolition of certain schools where unsatisfactory conditions are reported and the creation in their place of a new building, was referred to the committee on schoolhouses and hygiene to report at the next meeting of the board.

On motion of Mr. Molyneux it was voted to instruct the superintendent to notify the Greek community that their parochial school must come under the rule of the board is complied with, requiring an application to the board for permission. It was stated that a letter of this nature sent to the community last year was disregarded.

John J. Walker was elected trust commissioner. He took five ballots to do it. The fiscal committee were: John P. Russell and J. H. Kelly. On the audit and final bill of Mr. Walker received five votes. His salary was fixed at \$750.

E. A. COREY DEAD

SCRANTON, Pa., Sept. 1.—E. A. Corey, 86, who with Daniel Dew, was a member of the New York stock exchange and was prominent in the affairs of the Erie railroad, is a banker in the city, and was an authority on coal and oil, and owner of coal lands in the vicinity of Scranton. He was 86 years old.

CARNIVAL WEEK**Will Have Sport Other Than Racing**

The coming of carnival week has aroused all the local sport promoters and hence the visitors to the city will have other attractions to engage their attention when not watching the races on the boulevard.

The base ball game on Monday afternoon will be held back until 4 o'clock to accommodate those who wish to see the races and the game as well.

There will be first class wrestling and boxing during the week and a wrestling match for the early corner in Merced's rink tomorrow evening.

Mr. Charles Barker has engaged Washington park for the big wrestling event between Shad Link and Leo Pardo, the rival who wrestled such a sensational bout in Lowell a few seasons ago.

The Gladstone Athletic club, which has reorganized with entirely new management and with many new members will make its first appearance under the new management at Associate hall on next Tuesday evening when in addition to several good preliminaries the principal event will be a 12-round bout at 125 pounds between the noted Boston rivals Kid Goodman and Young Donahue, the latter of Roxbury. It is expected that Charlie White, the eminent referee who is here to manage the national Marathon run, will officiate at the Gladstone club. The fact that the club has been given the privilege of using Associate hall for temporary quarters is a guarantee of its stability.

The meeting of Young Prokes and Wilfred Barrette at Dracut tomorrow evening will settle a question of supremacy that has caused many an argument between fans all the way from Fall River to Montreal and Quebec. Prokes is the welterweight champion and his best weight is 148. Barrette weighs eight or 10 pounds more and the question of weight has always been the stumbling block between them. Recently Frank Moran, manager of Young Prokes, announced that he would meet Barrette at any weight and the match was made forthwith.

With an ironclad agreement that the man who first shows rough-house tactics is to lose, Shad Link and Leo Pardo are bound up to meet at Washington park on next Tuesday evening. Both are strong and aggressive wrestlers and do a strenuous bout even when not trying to rough it and as they are very evenly matched the bout will be a corker. The management shows good judgment in securing an expert of national reputation, Mr. Geo. V. Tuohy to referee, for Tuohy knows what is allowable and what not and neither wrestler can impose on him. They will wrestle on an elevated platform under arc lights.

George Bothner, light weight champion wrestler, will meet Young Atlas on the boulevard speedway on Thursday afternoon in connection with the auto attractions.

AN ITCHING PALM**No Cure for It. Other Forms of Itching Preferable**

There is no cure for an itching palm—the money kind. Even possum, the new skin discovery, cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, possum will stop the itching at once and cure the worst cases in a few days. No more hives, rash, scabies, split toes, piles, and greasy scalp, all of which are different forms of eczema, accompanied by severe itching and caused by imperfect digestion and careless diet.

Possum comes in two-dollar jars, out fifty cents' worth will answer in curing any of the diseases mentioned. It can be had of any druggist. Fails & Burkinshaw and Carter & Sherburne make a specialty of it.

That results are immediate will be simply demonstrated overnight by the use of the experimental sample which the Emergency Laboratories, 52 West Twenty-fifth street, New York City, will send free by mail, in plain wrapper, to any one who will write for it.

GOLD BRACELET**WAS PRESENTED TO MISS KATH- ERINE BOYLE**

The home of Miss Katherine Boyle on State street was the scene of a surprise party last evening. The affair was in charge of Miss Frances Parker and about 10 of Miss Boyle's young friends were present to enjoy the evening.

Miss Katherine was presented with a gold bracelet and although taken by surprise she responded in a fitting manner. The presentation speech was made by Miss Parker.

During the evening games were played and a musical program was carried out.

Later in the evening refreshments were served and after participating in numerous other games the party broke up at a late hour.

LOWELL POLICE**Sent Out Circular Describing Feron**

Previous actions to the contrary notwithstanding, the Lowell police are really anxious to find Henri Feron, wanted for the murder of Mrs. Flora Feron, and circulars asking for the detection of Feron have been sent out to the officials of every city and town of New England, the large cities of the country and Canada.

The circular contains a good likeness of Feron and reads as follows:

Headquarters of Police Department, Lowell, Mass., U. S. A.

Wanted for the murder of Flora Feron on the night of August 26th, 1909, in this city. Henri Feron, a French Canadian, age 34 years, height 5 feet 6 inches, weight 133 pounds, smooth face, slight defect in left eye, black hair, slightly pock marked. Wore when last seen a straw hat, light colored sack coat, dark pants, white shirt with black stripes, tan colored shoes. Speaks the English language with difficulty; has been a mill operative. Was in Nashua, N. H., Friday, August 27th, 1909, when he called upon his mother and it is felt took a train bound north the same afternoon.

We would ask your co-operation in apprehending this fellow, and, if located, to arrest him and wire us at our expense, when an officer will be immediately despatched.

Respectfully yours,
James Brosnan,
Acting Supt. of Police,
August 28th, 1909.

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

The sworn daily average circulation of The Lowell Sun for the year 1908 was

15,956

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilotte, pressman, of The Sun, before me, January 1, 1909. J. JOSEPH HENNESSY, Notary Public.

This is by far the largest average circulation of any newspaper in Lowell.

THE HAIRPIN CURVE.

The inexperienced chauffeurs who attempt to turn the hairpin curve at high speed will find that the centrifugal force increases with the velocity in rounding a sharp curve. The driver who attempts to "negotiate" that curve at high speed should have all arrangements made for his funeral before he starts. We know that no professional driver would attempt such a thing. There was no accident at that point in last year's race because the drivers were conservative and knew their business. We do not expect any this year as the drivers would rather lose the race than lose their lives.

RECKLESS DRIVING ON ANDOVER STREET.

Incidental to the automobile carnival it seems that owners of automobiles from far and wide are coming to Lowell and exceeding the speed limit on some of our principal streets. There are many complaints from Andover street. Indeed it is claimed that some autoists are trying out their machines on that thoroughfare.

The street is wide and smooth; just the place to tempt the autoist to let out in a sport of speed; but this cannot be done on Andover street or any other public thoroughfare without serious risk to those who happen to be on the road either on foot or in vehicles.

If the speed madness on Andover street and similar thoroughfares be not promptly stopped the police should interpose to enforce the speed laws. It may be that nothing can stop reckless driving on our public streets but a prosecution in court with fine or imprisonment for the guilty parties.

If that extreme must be resorted to then the sooner the better for the people whose lives are jeopardized on the leading thoroughfares of our city.

To those responsible for this annoyance we would say: Stop the reckless speeding; stop inviting trouble or you may get more than you bargained for. We have a police department that may be induced to apply the law to auto drivers who exceed the speed limit as well as to other offenders.

TO AVOID ACCIDENTS ON THE AUTO COURSE.

The unfortunate accident by which a young man named Arthur Otis lost his life yesterday morning on the auto race course has shocked this community and led to gloomy forebodings as to the danger of attending the races. The fatalities attending the Indianapolis races are still fresh in the minds of the public, and an accident such as that of yesterday is consequently sufficient to cause the most serious alarm and the wildest anticipations as to what may occur during the races of next week, despite the fact that the victim alone was responsible for the accident.

Let it be understood that for two hours in the morning, that is, from five to seven o'clock, the race course is closed to public travel for the purpose of giving the racers an opportunity to practice on the course. The experience thus obtained will lessen the risk of accidents during the speed contests next week. The public should, therefore, take care not to interfere with this practice work and for their own sake keep off the track during the hours mentioned every morning for the rest of this week. During those two hours no human being is supposed to be on the track except the racers and members of their crews. If spectators obey that order they have nothing to fear.

There is one way in which the spectators incur great risk of being killed. When a car passes they rush out on the track to look after it, forgetful of the fact that another car may be coming close behind and may crash into the crowd before the latter has time to get out of the way.

There is a great difference between the Lowell auto course and the course at Indianapolis. The Lowell course is considered the best in the country. About half of it is boulevard and a state highway, while the other half is an old road perfectly solid and free from the dangers attending a newly made road. Furthermore, the entire course will be well lined so that there will not be a particle of dust following any machine. This will doubtless minimize the danger of accidents.

Last year without any previous experience on the Lowell course the race was run off without a single serious accident. The officials of the Lowell Automobile club are confident that the races next week will be equally free from serious accidents. Every precaution against accidents will be taken not only in the preparation of the course but in the conduct of the entire course by the militia during the races. The patrol of last year was so efficient that the spectators were kept off the track at every point, and this undoubtedly prevented accidents. The same efficient patrol at the course is provided for during next week's carnival, so that the road-happy and senseless people who would attempt to cross the course will find the military pickets ready to stop them at every point. Nothing else can prevent the most serious accidents because if people are not allowed on the course during the race there there can be no serious accidents and it will be almost impossible to escape had accidents.

What applies to the speed contest next week applies equally to the practice tests made between five and seven o'clock every morning. The course is so well lined that a car cannot get off the track without it will be next week. The people are, therefore, asked to exercise great discretion in keeping off the track for the rest of this week. The accident of yesterday morning was understood, was due to the carelessness of a young man in walking upon the course in front of a racing machine.

It is to be hoped that the spectators who go to the races will be in the early morning will exercise due care not to get on the track at any point. This is the only way in which they can keep themselves safe from the course and avoid the danger of being killed. The officials of the club are confident that the races next week will be equally free from serious accidents.

The prospect at the present time is, that the carnival, which has an unparalleled success, and it would be no bad if anything seemed to the measure to discourage the general public from attending the races, and of thousands as they are expected to attend all through the week.

SEEN AND HEARD

You must not stand on the pontoon bridge at midnight.

One aerial navigator says he likes to flirt with the air currents. Some of us prefer to flirt with the cherry on the olive in the restaurant.

We are informed that isn't any truth to the statement that Harrison has to stand in two places to make a shadow.

Oh for a mistress who would be a young woman in a bathing suit on Richmond, Wis. Who would anything about a woman suffering?

They are getting more of the North Adams (Mass.) which says "Early morning" afternoon sessions losing their attraction, as in Pittsfield. The last was when they were in the city in the afternoon.

Three men were seen, quick, had a restaurant and ordered a meal and a sandwich with a glass of milk. Two puffed eggs on a plate and two cups of tea on a table. The waiter took the check and the men went to the visible cook.

"One comb with a comb, two comb on a comb, two comb on a comb."

A well-to-do man who has a new house recently completed it upon a model plan for decoration and landscaping. In one of them the house and was represented the front of the house. Marine plants and trees are planted on a dark green background. In the other between the house and the city is represented a crowd of people and the crowd of people and the city.

LOWELL OPERA HOUSE

Ward and Vokes have retained "The Promoters" as their vehicle for this season and will present a big second edition of this musical frolic at the Opera House, Friday, Sept. 3.

In the company of sixty people the principal players will be Lucy Daly, Lew Kelly, Charles (Shady) Chapman, Francis Avery, Max Kieoyne, Tom Kennerly, Richard Arty, John Manley, David DeWolf and Eddie Judge. The Ward and Vokes band will again be a feature of the musical program.

The party and chorus is a strong feature of the second edition and an absolutely new have-stuff of costume and scenic display is provided. All new music and songs have been provided.

"QUINCY ADAMS SAWYER" From the music of the curtain rises on "Quincy Adams Sawyer" the great musical drama which is coming here on Saturday afternoon and evening, Sept. 4th at the Opera House, the genuine country character is established and carried up to the top of the musical program which is a guarantee of the most thorough pleasure to the audience.

Stated up to is a quiet story of every-day New England life with no extraordinary startling incidents, the whole presentation being absolutely true to a picture of real people in a real Massachusetts village of the day. The story of a village, the impossible of the story, the characters are familiar in the background but never in the life of the story.

It is beautiful in its simplicity, and effective in its influence. To one who has seen and heard like this surrounding, it comes like a ray of sunshine in a gloomy day, a sparkling and cheerful in nature's most quiet setting. In the golden circle of its dearest paths, are sunbeams of appreciation, which carry the audience unconsciously in its smooth but swift moving changes. It is an ideal play and really played.

"THE YANKEE DOODLE DETECTIVE" The attraction at the Opera House, Sept. 4th, Friday and Saturday, will be "The Yankee Doodle Detective" a comedy with a few acts entitled "The Yankee Doodle Detective" and serves as a vehicle for the best character actors in the city. The play is a comedy and in this play has much to offer to the audience. It is the most perfect in the production, and is supported by a company of really first-class players.

The characters are all well drawn and do things in a plausible human way. The play is presented on a most pretentious and elaborate scale. Charles H. Weber, careful attention being given to the cast, scenery and effects.

HATHAWAY THEATRE A real five-act, interesting, clean show is the new play at Hathaway's theatre, this week. The Phantom of the Opera, head of the list of real treat acts and will prove to be uncommonly good entertainment. This act was for months the hit in European music halls and variety centres, and the present is the most perfect in America. Hilarious and funny, the play is a real treat. Was Defeated by Jim Flynn of Boston

GOSTON, Sept. 1.—Jim Flynn of Boston, won the decision over Sailor Burke

PRETTY WEDDING

C. J. Emerson and Miss
Lena Welch Married

One of the prettiest weddings of the season took place last evening when Mr. Charles J. Emerson, a prominent member of the Eagles and other fraternal organizations, and Miss Lena Welch, a popular resident of the Sacred Heart parish, were united in wedlock at the parsonage of the Sacred Heart church. The ceremony was performed by Rev. T. Wolf, S. J., O. M. I., pastor of the church. The bride was attended by Miss Gertrude Neill and the best man was Mr. Edgar Shea of Lawrence. The bride was becomingly attired in a beautiful champagne satin gown with gold-colored trimmings and carried a large bouquet of roses. The bridesmaid wore dark blue silk trimmed with gold embroidery. She carried a bouquet of lilies and ferns. Both wore large, ornate hats. The groom's suit was of the best material with a diamond stick pin, and the bride wore the recipient of a ring inscribed with the date and a small diamond.

Following the service at the church a reception was held at the residence of the bride, 371 Lincoln street, which was elaborately decorated for the occasion. Supper was served in a large tent erected in the spacious yard adjoining the house.

After supper a musical program of exquisite quality was carried out. Mr. Shea favored the assembly with some classical selections. Mr. Charles A. Carney, the well known letter carrier, rendered some of his favorite selections to the delight of the party. Miss Alice Foley sang a solo and Miss Margaret Rennie acted successfully in her rendition of some of the popular airs. Walter McLaughlin sang several solos that were well received. Selections were given by the Lincoln quartet. Prof. Robert E. Day was accompanist of the evening and his playing was well appreciated. The ushers at the house were Messrs. Walter McLaughlin, Edward Doherty, John Emerson, William Sullivan, Chas. Crowley, Edward and John Welch and Thomas Spencer. People were present

ON DEATH OF OTIS

Lowell Auto Club Ex-
presses Deep Regret

The executive committee of the Lowell Automobile Club met yesterday afternoon and discussed the death of Arthur Otis, yesterday morning, and through its legal committee voted to make the following statement: "The death of Otis has affected the management of the Automobile Club that the groom is at present over-coming."

"The fact that the young man himself seems to have been solely responsible for the fatality, in no way reflects on the management of the club, which has been in the hands of the club since it was organized. The club was organized by Otis during last year's season, and it was earnestly hoped that the precautions taken to prevent accidents this year would be effective."

"The club, as a precautionary measure, stationed policemen at convenient points during the try-outs. "A spirit of bravado seems to be common to very many inexperienced persons, while the public is in the main careful not to unnecessarily expose itself to risks. An approaching car, at a rate of speed, is more dangerous than a railroad train, before which no one thinks of standing."

"No force of officers is sufficient to keep all persons off the track unless the public co-operates with the club to keep the track clear and safe. This driver, coming to the point where the accident occurred, at the last moment, had to choose between running into a crowd of persons and attempting to avoid the deceased. That he did his duty seems clear. There is a feeling among the drivers of all of the cars that great caution on their part should be used."

"What little can now be done by the club is an expression of its sorrow, and its sympathy for those bereaved, is receiving attention."

"The club is a non-profit making organization, and its only object is to provide a safe and enjoyable means of transportation for its members."

READVILLE RACE

May Have to be Called
Off

READVILLE, Sept. 1.—Showers and threatening weather in the early part of the day caused considerable doubt in the minds of the officials as to whether the racing division of the blue ribbon event of the year in this country, the American Derby, would be run off at the Readville mile track this afternoon at the second day's meet of the grand circuit racers. The \$15,000 prize although not as great as that which was divided among the thoroughbreds in yesterday's great race brought out a list of entries fully as large as that of yesterday and ere the same distance, mile and a half, and the handicaps range from the 2:07 to the 2:16 marks. The bet owned by J. W. Erickson of Tavistock, Ont., on the 2:05 mark is the scratch horse and owing to her good showing on the circuit this season is picked by many to finish well among the leaders. The horses on the 2:16 mark, however, who have almost 300 feet less to run than the scratch horse are accorded the best chance of winning.

CAPT. McDOUGALL
WON THE \$1500 CUP IN RIFLE
MATCH

CAMP PERRY, Ohio, Sept. 1.—The national guard marksmen got the worst of it again yesterday at the National Rifle association's tournament. The handsome \$1500 cup which officers of the U. S. Marine corps gave to the National Rifle association to be held on year by the riflemen making the highest score in 20 shots at 600 and 1000 yards, was won by one of the most experienced shots in the marine corps team—Capt. D. C. McDougall, a native of California, who has shot on the team for four years. Capt. McDougall scored 157. Of the 19 leaders only one was not a regular.

The list of 50 leaders announced is the first stage of the president's match shows Capt. E. W. Eddy of Ohio to be high, closely followed by Lieut. Col. Lewis of New Jersey.

LAKEVIEW THEATRE
"A Japanese Boyhood" the dainty little musical comedy which is on the boards at the Lakeview theatre this week, seems to be just suited to the lowell parade, for it has met with splendid success since its early run in the week. The play, which has played to large audiences at all of the New England parks, is just of the sort to appeal to the summer theatre-goer.

Perhaps its charm lies in its presentation, however. If this be so, then there is but one word to be said in connection with such a charming production. Mrs. Louise Barker as the little Japanese heroine, is just fitted to her role, while Harry Barrows is equally good in the difficulties of his character. The remainder of the company is fully up to the standard.

"A Japanese Boyhood" will be given every evening and evening of this week. Tickets may be obtained at the Lakeview theatre and at the Merrimack street drug store in Merrimack street.

BREEZY POINT
This week promises to be a big one at Breezy Point. For Monday night the Breezy Point has prepared a special program of music and Tuesday night to follow a similar program. This evening the local and Northern will give a large display of fireworks on the point opposite the Breezy Point entrance. The fireworks will be set off at 8:30 p. m. and will continue until 11:30 p. m. The program will be given in the stream.

THEATRE LA SCALA
There is always something new at the Theatre La Scala. The new play "The Girl in the Red Velvet" is the very best yet presented at the theatre. The play is a comedy and is a very good one. It is a play that a person gets the best and most of his money with no extra charges. During the next two weeks the Theatre La Scala and the Theatre Vagabond are to be decorated and their program will be made up of the best of the shows of the night and in the morning so that business will not be interrupted.

If you want help at home or in your business, try "The Sun" column.

THE GILBRIDE COMPANY, ON THE CORNER

HEAVY BATTING

Marked New Bedford-Lowell Game Yesterday

NEW BEDFORD, Sept. 1.—Yesterday New Bedford defeated Lowell 10 to 7 in a free hitting contest. Danzig's terrific batting gave Lowell a big lead in the opening innings but the New Bedford batsmen rallied in the fourth, fifth and sixth, scoring nine runs and driving McIntyre out of the box. Sowle and Barrows cleared the bases with triples to right. Sowle's sensational catch of Vinson's drive and the batting of Danzig, who made two triples and two singles in four times up, was a feature. The score:

NEW BEDFORD

Barnes, lf	ab	h	po	a	e
O'Leary, 1b	2	6	0	12	0

Mrs. Johnson Knows

She Says That Parisian Sage is the Only Hair Tonic That Ever Benefited Her Hair

Parisian Sage is the quick acting hair grower that can now be obtained in America and that is guaranteed by Carter & Sherburne to cure dandruff, stop falling hair and itching scalp in two weeks or money back.

Mrs. Johnson is too modest; she fails to state that she has a most charming and luxuriant head of lustrous hair.

She says:

"Parisian Sage is the only hair tonic that ever benefited my hair, which was very thin on the top of my head. I began using Parisian Sage and used it daily for a while, afterwards I used it according to directions. I am absolutely positive that it will thoroughly cleanse the scalp and hair, stop irritation, eradicate dandruff, stimulate the growth of the hair, prevent baldness and make the hair soft and silky. I would not be without Parisian Sage."

Mrs. S. Johnson, 223 1/2 St. Francis, Ky.

Parisian Sage is a most delicately perfumed hair dressing and has not a particle of stickiness or greasiness in it. It will not stain or dye the hair and contains nothing that would injure any hair or scalp.

It is the only hair preparation that is absolutely sure to kill the dandruff germ which Dr. Sabeurand has proven to be the cause of all hair troubles.

Women who desire beautiful and luxuriant hair that will attract and fascinate should use Parisian Sage. Leading druggists everywhere sell it; Carter & Sherburne sell it in Lowell for 50 cents a large bottle, and guarantee it to give satisfaction, or money back. The girl with the Auburn hair is an every magazine. Made in America by Gilman Mfg. Co., Buffalo, N. Y.

BASEBALL NOTES

Cannizz has won 29 games and lost five for Pittsburg this season.

Waddell has won one game from the Athletics this year, dropping four games to Connie Mack.

Krause has taken four games each from Boston, Detroit and Washington this year, losing two to the Pirates.

Gessler is playing the kind of ball he used to play in Chicago when Fred Lake picked him out for the Red Sox.

Raymond Mathewson respectively have taken five games from Boston and Cincinnati this year—all they have pitched.

Mathewson came back strong after the bumps he got on Saturday. The Giants seem to be the only team that can beat Reulbach.

Cincinnati won 7 of 11 games played at the South End this year, and has taken all seven games the teams have played in Cincinnati.

Smith of the White Sox has been the hero of the Highlanders, from whom he has taken seven games this year, losing only one game.

Since he joined Philadelphia Morgan has pitched 15 games, winning 12 and losing six. He has beaten Cleveland 5 times, losing to the Indians twice.

The Boston Nationals and Cincinnati have applied for permission to play the game scheduled for Monday, Sept. 20, as part of a double-header on Sunday, Sept. 19.

The grounds at Huntington ave. are ready for the "speed boys" and all the new seeds will be ready long before they return on Saturday with the Highlanders.

The unofficial count for the 11 games Pittsburg played in New York this year is 156,000, but Willie Locke is lucky if he got the real money of 100,000 fans in Gotham for the season.

The Red Sox played to 51,350 in Chicago this year, and to 51,026 in St. Louis. Until yesterday 43,242 had seen the "Speed Boys" in Cleveland, and the attendance in Detroit for eight games is 54,552.

Catcher Roth of Cincinnati is incapacitated by ulcers in his nose, and Bancroft has secured Haberer of the Shamrocks of Cincinnati to meet the team in Philadelphia to help out Catcher Clark.

The Red Sox' home schedule for the remainder of the year is: Sept. 4, 6, New York; Sept. 13, 14, 15, Washington; Sept. 16, 17, 18, 20, Chicago; Sept. 21, 22, Cleveland; Sept. 24, 25, 27, 28, St. Louis; Sept. 29, 30, Oct. 1, Detroit; Oct. 2, 4, New York.

In the west this year the Red Sox have won six and lost five in Chicago, won three and lost five in Detroit, won six and lost five in St. Louis and won seven and lost four in Cleveland—record in the west of won 22 and lost 19 for the season so far.

AMATEUR BASEBALL

The Y. M. C. A. team will have for opponents Saturday the fast Fairmounts of Lawrence. This team is

coming to Lowell with a great string of victories, having defeated all of the strongest teams in Lawrence. The game will be played at Washington park.

The Ballardvale team would like to hear from some good strong team for Saturday, Sept. 4. Would prefer to play game in Ballardvale, and will give full expenses for 12 men. Please write or telephone by Wednesday night. Address: Manager George A. Dane, Ballardvale, Mass. Telephone 9211, at night.

It is expected that a large crowd of fans will be present on the South common when the Highlanders and the Wanderers clash next Saturday afternoon. These men are two of the leading clubs of the city, the Highlanders having the name of playing one of the snappiest games of any of the L. and S. league teams, while the Wanderers are a well known team, having been a consistent victor throughout the season. The last time these teams met the game was a hotly contested affair and was proclaimed by many persons who saw it to have been one of the fastest ever played on the South common ground. The game will be called at 2 o'clock.

The Centralville Blues would like to play the North Billerica Saturday afternoon on the Allen street grounds. Send reply to George Lapine, Lowell, Mass.

"Solly."

BOXING GOSSIP.

Willus Britt, Stanley Ketchel's manager, arrived in New York unexpectedly yesterday morning on the Twentieth Century Limited. He came all the way from San Francisco on the quiet and only a few friends were aware that he was approaching New York until they received telegrams from him that at Cleveland Sunday night. Britt said that Ketchel was still on the coast with his parents hunting and fishing and taking life easy.

"Stanley weighs 155 pounds," declared Britt, "and is in splendid health. It is not true that he has been living at a high rate of speed. He has been in the mountains ever since the Papke mill and has been purposely taking on weight. He is going to box Langford in 10 rounds here as he agreed to do and will start east soon. When? Well, I cannot name the exact time for his departure, but you can say that he will be in New York and will meet Langford at the Fairmount A. C. some time in the near future. I am going to see Joe Woodman, Langford's manager, in a day or two, to arrange the details of the match, and then there will be plain sailing.

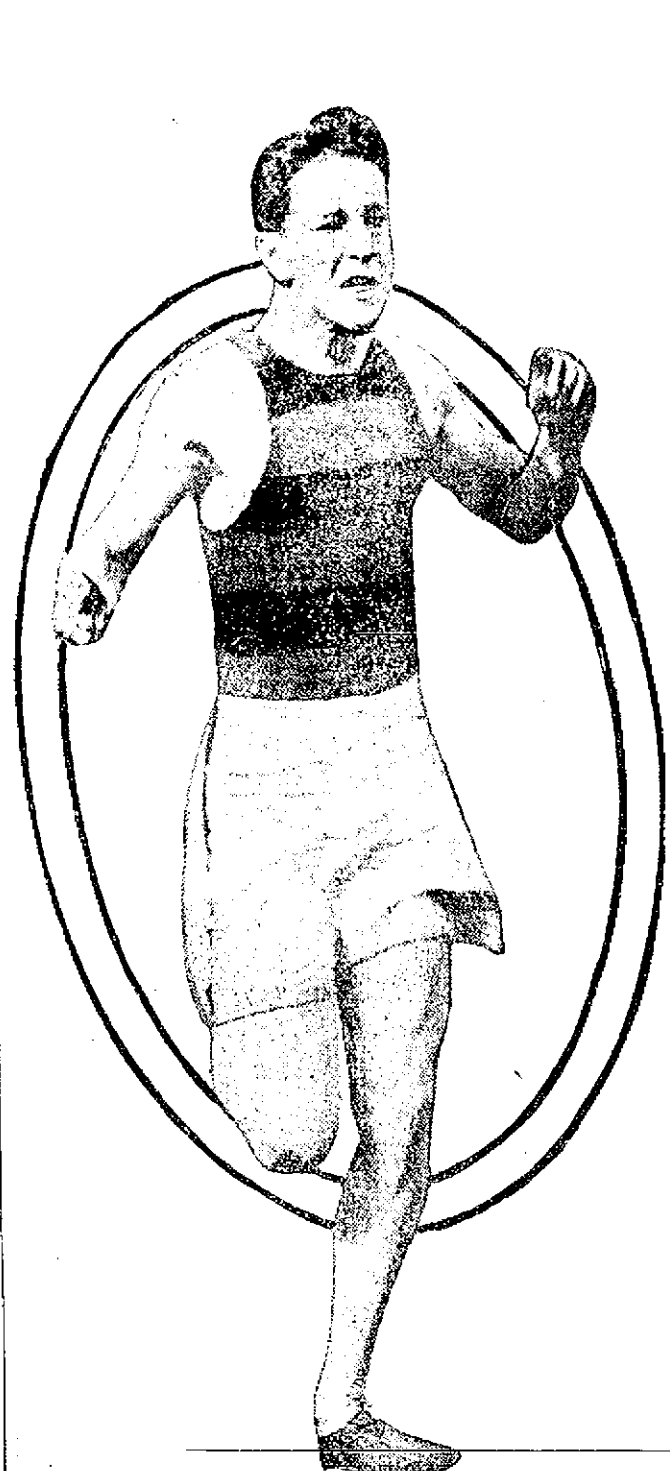

"Ketchel will beat Langford as sure as I'm alive. He will also beat Johnson; at Columbia on Oct. 12. He knows the importance of these matches and will be in superb condition when he gets into the ring. We do not believe that Jeffries will ever fight again, so Ketchel will be the first white man to take the heavyweight championship away from the negro.

"Ketchel would surely have knocked Papke out in the recent battle on the coast if he had not broken one of his hands. For that matter he could have put Papke away with one hand if the Dutchman had clinched and dogged it during the last six or eight rounds. The decision of the referee in Ketchel's favor was perfectly fair and was not in any way disputed by fair-minded spectators.

"Take it from me that Ketchel is the greatest fighter in the world. He will weigh 180 pounds when he tackles Johnson and will be much bigger and stronger than when he stopped O'Brien. Johnson may be a wonderful defensive pugilist, but he can't hit hard enough to hurt Ketchel, while he will not be able to stand up under Stanley's terrific body blows and all round attack.

The Fairmount A. C. officials said yesterday after hearing from Britt that details for the Ketchel-Langford bout were all arranged several weeks ago and that Britt's proposed conference with Woodman is unnecessary. Langford has agreed to fight at catchweights the only possible ground for a protest from Britt, so the club officials say it is simply up to Ketchel to come here without further delay and to weigh as much as he pleases. The date for the bout was fixed for September 10 a week ago but if Ketchel can get ready to box on September 15 the club will go ahead with arrangements. It is regarded as dangerous for Ketchel to box Langford less than a month before the Johnson mill, for a broken hand

NAT CARTMELL WHO IS SHOWING HIS HEELS TO ENGLISH CRACKS

LONDON, Sept. 1.—The recent exploits of Nat Cartmell, the former sprinter of the University of Pennsylvania, who has been in England since last summer, have caused considerable gossip among the followers of athletics in this country. When he went abroad last year with the Olympic team Cartmell was picked to win several short distance events but he failed. Since then he has improved wonderfully and is now showing his heels to the English cracks. Recently in a 20-meter event he defeated Reggie Walker, the South African speed marvel. Cartmell is now competing in England as a member of the Birchfield Harriers. As far as competition in the United States is concerned, he has disqualitified himself, as he has violated the general rules of the A. A. U.

or some other injury will prevent the big fight in California unless the date is put back to the latter part of October. Britt has always been fond of notoriety, and it is said that his present methods are due to this fact. But until Ketchel actually arrives in town ready to try conclusions with the hard hitting Boston man ring followers will continue to regard the middleweight champion as a practical joker, to use a charitable expression.

Johnson says he will weigh 215 pounds when he meets Kaufman and Barry in 10 round bouts in California, but will reduce to 205 for Ketchel. He declares that he will be just as fit when he tackles the Michigan Lion as he was when he trimmed Burns in Australia. Johnson is training in dead earnest now and declares that he will prove that he is a real champion by winning all three of the mills.

SUPT. MALONEY

Severs Connection With B. & N. Company

Supt. William E. Maloney of the local division of the Boston & Northern has severed his connection with the company and though he has a new position in view he does not care to state at the present time what it is.

Mr. Maloney, though not old in years, has had a great deal of experience in electric railroading and is one of the most valuable men that the Boston & Northern has had on its staff for a long time.

He came to this city from Manchester, N. H., a little over two and a half years ago and owing to his energetic work in connection with the improvement of the car service as well as by interesting himself generally in public affairs he won for himself many friends.

He was a great favorite with the employees of the road. He believes the interests of the company are conserved by holding the good will of the men as far as that is possible. Mr. Maloney succeeded in doing this so well that the employees without exception regret his going.

NEW Y. M. C. A. SECRETARY

The new general secretary for the Lowell Young Men's Christian Association, Dr. D. E. Farrell, is expected to arrive in Lowell this afternoon. Dr. Farrell will be considered an appropriate recognition of the association in this evening.

Health For All

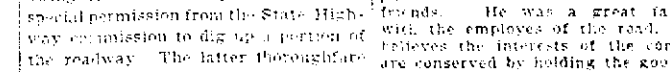

A tonic of general and genuine value is needed in every home. It helps to maintain complete vigorous health, which is the foundation of all success.

Pabst Extract
The Best Tonic

guards the health of the whole household. It is accepted by physicians everywhere as an eminently dependable tonic. No other remedy approaches its value for convalescence, anemia, nervousness, insomnia, dyspepsia and nursing mothers.

INJUNCTION HEARING

On Petition to Prevent Auto Race Will Be Held Thursday

BOSTON, Sept. 1.—Hearings that the week. The petition is made by Open Society and the Automobile Association, a group of real estate situated that a automobile race on the Longfellow race course and alleges that course is unconstitutional. Edward J. Little, politician, property will suffer. The Lowell, attorney, filed in the district court in the case to take equity action of the superior court. Judge Loring issued an order of her yesterday a bill of complaint and notice of hearing. 10:30 a.m. on Thursday a petition that an injunction be issued to prevent the race whether to prevent the race planned for next week.

PROBABLY MURDERED

New York Police Believe That Woman Was Attacked

NEW YORK, Sept. 1.—A gold watch, Charles S. Schock. The young watch, locket and chain and handkerchief, man's body was found in the reservoir belonging to Dora Hookey and being yesterday and the reservoir evidence of a struggle on the edge of the Jerome park reservoir near where that the fair committed suicide to they were found, led the police to believe that the girl had been murdered. The girl, who was 19 years old, was last seen last Wednesday night in a critical condition.

UNREQUITTED LOVE

NEW YORK, Sept. 1.—The unrequited love of Arthur Winterstein for his pretty step-sister, Stella Friedman, the police believe made him try to kill the girl and two members of her family yesterday. Miss Friedman who is only 15 years old, was standing in her mother's candy store when Winterstein shot her in the left breast. He then shot at his mother, Mrs. Frieda Friedman, and her aunt, Mrs. Ella Richards, but missed both shots. Winterstein was caught by the police and locked up. The girl was taken to the hospital in a critical condition.

HIS OWN DOCTOR A LEGAL EXPERT

Frank Brissom "Fixes" a Dislocated Hip Named by Taft for New Office

WASHINGTON, Sept. 1.—Henry M. Hoyt, former solicitor general of the United States, who has been appointed to the newly created office of counselor of the state department, will have much to do with training the new Japanese treaty which is to be entered into in the next few years. Secretary Knox recommended the appointment of Mr. Hoyt.

Frank Brissom, a carpenter in the employ of Edward G. Twohey, while at work on the front of the Ruggs building in Merrimack street fell from a staging yesterday, a distance of about eight feet to the sidewalk, dislocating his hip. He was taken into the building by witnesses to the accident, while Mr. Twohey made arrangements to have him removed to the hospital.

But Brissom knew something about hips and in a few minutes after wrenching himself in several knots, finally arose with the remark that he had got the injured member in place again. He then returned to work and remained busy throughout the afternoon only limping slightly as he walked.

AMERICAN BOAT

Won Second of Sonder Class Races

MARBLEHEAD, Sept. 1.—For a second time the American sonder yacht yesterday demonstrated their superiority over their German rivals in the second of the series of races for the President Taft and Gov. Draper cups. The Ellen owned and sailed by Chas. Curtis, Jr., of the Boston Yacht Club, won the honors of the day after an exciting race with her two other American competitors. The German yachts were behind for the greater part of the race, and in the unfortunate mishap at the windward mark on the first time round the second it became involved in a foul and withdrew from the race.

The contest today was called in a fine southeast breeze which was comparatively light at the start but which freshened to a line 15 knots after 25 the yards were flying home to the finish.

The race was a three-mile heat to the windward mark and return, the course being sailed twice. The Ellen led the standard mark and also beat her rivals in the second heat to windward, however the Wolf passed her and reached the mark first. The Ellen overhauled the Wolf a mile from the finish and there was but 10 seconds between the boats when they crossed the line. While the two boats were being weighed up at the windward mark on the first time round the second it became involved in a foul and withdrew from the race.

The contest today was called in a fine southeast breeze which was comparatively light at the start but which freshened to a line 15 knots after 25 the yards were flying home to the finish.

DRACUT.

The extension of the water main from Dracut Centre to the Broadway section has been suspended temporarily owing to the necessity of obtaining special permission from the State Highway commission to dig up a portion of the roadway. The latter thoroughfare extends for some little distance over the course where the water main is to be laid and in order to lay the pipe it will be necessary to dig up a portion of the macadam.

GOVERNORS JOIN IN HONORING MEMORY OF HENRY GEORGE

PITTSBURG, Sept. 1.—Fifty times will join in honoring the memory of Henry George by dedicating the 10th anniversary of his death. The famous apostle of single tax was born on Sept. 2, 1829. The annual dedicatory exercises will be held in Dracut, Mass., and Chicago, Oct. 2, 1909. The speakers at the Dracut exercises will be Dr. J. W. Foster, of Dracut, and Dr. J. W. Foster, of Dracut, and Dr. J. W. Foster, of Dracut.

EXTRA

DISASTROUS FIRE

Threatens to Destroy Parliament Buildings at Toronto

TORONTO, Ont., Sept. 1.—The parliament buildings are on fire. The roof of the west wing has fallen in and the library is now in flames. Its entire contents, consisting of upwards of 100,000 books, will be destroyed. The speaker's chamber and the housekeeper's quarters in the northern section of the west wing are now menaced. The executive chamber is

DARING WOMAN

Went Over the Race Course With Joe Matson

Joe Matson, one of the Chalmers-Detroit drivers, caused a sensation this morning when he made a round of the course with a woman occupying the mechanic's seat. Despite the fact that the woman was well enveloped in a robe that covered her and would cause her to appear as a man, her headgear, raised up high by her abundance of hair caused the spectators to note that Matson's passenger was not a man.

How she felt in rounding the curve is not known for the automobile editor of The Sun was unable to secure an interview from her after the trip. Suffice to say she was sped over the course at such a high rate of speed that she did not care about making the second trip.

16 Buicks Coming
William H. Pickens, manager of the Buick racing team, is in town and will be one of the shining lights in the racing game in this vicinity for a week at least. According to his say so there will be nothing in the running but the Buicks. While his talk, like that of the other rail birds, may be of the predigested dope he certainly has a bunch of drivers in his string which took good from the "fuel" for they are Lewis Strang, Louis and Arthur Chevrolet, De Witt, Bob Burman and Ray Harroun.

The Buick people have 16 cars coming to Lowell, ten of which will be used in the races, while the extra cars are to be used in case one of the contestants cars meets with an accident. Strang, Chevrolet and Burman will pilot the cars in the big race, while on Tuesday Lewis Strang will drive the new eight-cylinder car in the speed trials.

Electric Toast

The new electric toaster is for use in the parlor or dining room.

Toast is made quick and served hot for early breakfast or afternoon tea.

Thirty days' trial free.

The Lowell Electric Light Corp.

50 Central St.

SCORE IS 3 TO 1
Fall River Ahead in Today's Game

Lowell and Fall River met at Spalding Park this afternoon and though the weather was anything but desirable for a baseball game, Manager Gray prevailed on Manager O'Brien of the visiting team to allow the game to go on, in order to please the 200 boys from the North Chelmsford Truant school who were the guests of the Lowell manager. The boys rode from the school to the grounds in two special cars and were accompanied by Supt. Warren and the teachers at the institution. The Truant school band was also present and directed by Jim Larkin, gave a fine concert before the game and also played between the innings. Several times rain interrupted the play but Manager Gray insisted on the teams continuing so that the boys would not be disappointed. Walter Foy, a Lowell boy, appeared in the Fall River lineup and when he came to bat for the first time was presented a dress suit case by the Princeton club of Centralville. Duval and Boyle were the batters for Lowell and Woodwood and Lemieux officiated for Fall River.

Fall River made two runs in the second inning, and one in the third. Lowell scored one in the third. The score at the end of the sixth inning was Fall River 3, Lowell 1.

Flaherty made two singles and a three-bagger in three times at bat, and Howard struck out three times in succession.

At Cleveland—Cleveland-New York game postponed, cold weather.

LOOK OUT THERE!

If You Have a Wad Look Out for It

While no very serious "touches" have been reported the police believe that a few of the light-fingered gentry have arrived for carnival week and every body is warned to keep their hand on their wad if they have one. The police have received a few tips that they are not giving out and at least two recent arrivals in Lowell are under police surveillance. They may have learned that Lowell has a good mayor to turn in case of arrest.

Some thieves that are supposed to be local have been doing a wholesale business in hose nozzles in the Highlands. In Canton street, the other night, they stole the brass nozzle from every hose in the street.

AN OLD RESIDENT

Patrick B. Maher Passed Away Today

Patrick Benedict Maher, aged 85 years, 1 month and 23 days, died this forenoon at his late home, 68 West Third street. Patrick Maher was a rather wonderful man in more ways than one. He never indulged in intoxicating beverages, didn't use tobacco and always let the other fellow do the swearing. At the age of 11 years he walked with his father and two other men from Montreal to this city. He was born in Ireland. Mr. Maher was a staunch admirer of the late Jeremiah Crowley. As a boy he chummed with Benjamin F. Butler. As boys they planned to make the Merrimack river navigable but their plan was looked upon as a boyish freak.

As a boy he went to work in the mill of the Lowell Manufacturing company, now the Bigelow Carpet company. Alexander Wright was the agent of the mill at that time. Among his souvenirs were leaves from the time-book of the company bearing the dates 1828 and 1841.

Mr. Maher is survived by five daughters, Misses Annie, Nellie, Jennie, Mary and Alice, and one son, William A. Maher. Friends are requested not to send flowers. Funeral notice later.

WILL NOT PAY INTEREST

NEW YORK, Sept. 1.—H. B. Hollings & Co., fiscal agents of the Detroit, Toledo & Ironton railroad, notified the Windsor Trust Co. today that the interest for the past six months on \$4,492,000 of four per cent. bonds of the Ohio Southern division of the Detroit Southern railroad has not been earned and would not be paid. The bonds are a first lien on the southern part of the Detroit Southern road which went into the hands of receivers and was succeeded by the Detroit, Toledo & Ironton R. R. Co. At the office of H. B. Hollings & Co. it was stated that a plan for the reorganization of the railroad will soon be completed when provision will be made for meeting the old obligations including the Detroit Southern bonds.

BOARD OF INQUIRY

PORTSMOUTH, N. H., Sept. 1.—The naval board of inquiry into the cause of the sinking of the naval tug Naugatuck off Cape Ann, Aug. 11th, when four lives were lost, completed its investigation today but will make their report to department headquarters at Washington.

ALL LOWELL
IS GOING TO THE
AUTOMOBILE
CARNIVAL

Don't leave the purchase of your tickets until next week. Grand stand seats are selling fast. The out town rush may clean them all out on Monday. Boxes and grand stand tickets at Leeds Ticket Agency, Rungtuck, Parking, 2-8 Union St., Boston. Buy where it will help the Lowell Automobile Club.

HELD IN \$25,000 THE NORTH POLE

Alleged Counterfeiters Were Held Was Discovered by Dr. Cook, an American

MANCHESTER, N. H., Sept. 1.—John Wilson, alias John Jones, colored, and Arthur Tweed, alias George Smith, the alleged counterfeiters arrested by the local police yesterday, were arraigned in police court this morning under the state law. Three complaints were brought against Wilson, charging him with making counterfeit coin, with offering to pass counterfeit coin and with having counterfeit coin in his possession. The state law provides a maximum penalty of ten years for the first offense named and five for each of the others. The boy, Tweed, was charged with making and offering to pass bad money.

Tweed was represented by Attorney T. F. O'Connor but Wilson declined counsel, saying that there was "nothing to do but plead." In the cases of both prisoners pleas of not guilty were entered and examination was waived. The pair were held for the grand jury which meets in Nashua September 21 in \$5000 on each of the five counts. After being photographed they were taken to jail.

The negro, who is regarded as the brains of the combination and who appears an exceptionally bright fellow, pleaded with the police for leniency for his 19-year-old pal, saying he was only a boy and that it was his first crime. The boy has a widowed mother in Canada.

SHOT IN THE HEAD

Ernest Delphin Was Fatally Injured by James Nolan

MIDDLETOWN, Conn., Sept. 1.—Ernest Delphin, 22 years of age, was shot in the head late last night by James Nolan, a farmer of the Westfield district, and died early today. The shooting is claimed to have been accidental. Nolan says his orchard had been robbed several times recently. Last night hearing a noise there he got his revolver and went out to investigate. According to his story he saw two men on a hill some distance away and fired into the air to frighten them. On discharging the weapon he saw a man about forty feet away and when he claims not to have seen before fall to the ground. Investigation showed the man had been shot in the head.

CITY HALL MEN FOUGHT A DUEL

Anxious to See the French Army Captains in Battle

The employees at the city hall are very anxious to see the big race on Wednesday next and they would like to have the building closed on that day. The building, however, will not close, but it is a pretty safe bet that some of the offices will be a bit short-handed. Invitations have been sent to the mayors of the different New England cities inviting them to attend the races. These invitations are being sent out from the mayor's office, but are signed by John O. Heinze, president of the Lowell Automobile club, so that the city will not be responsible for their entertainment.

Mayor Brown wanted \$1000 to spend for the entertainment of guests, but the city council couldn't see it in that light, so there will be no entertaining at the city's expense. The public library will be open during carnival week the same as usual. In the exhibition room at the library maps and pictures showing Lowell's progress during a long span of years, are in evidence and will be of interest to visitors. City hall and Memorial building will be decorated for carnival week.

THREE RAZORS

YOUNG MAN ARRESTED FOR STEALING THEM

James Carthen, a young man, was arrested this afternoon in Merrimack street by inspectors Maher and Ladd for the alleged larceny of three razors from Hagd Hoxofian of 205 French street. Hoxofian is a barber and the razors were stolen yesterday. Carthen had disposed of one of the razors and two razors were found in his possession.

SHEEPSHEAD BAY RACES

STRIKE SETTLED

BOSTON, Sept. 1.—The plasterers' strike which has been in progress here since July was settled this afternoon at a conference of the master plasterers and the men. The men struck for a wage scale of 65 cents an hour. Many firms agreed at once.

COPENHAGEN, Sept. 1.—Dr. Cook, an American explorer, reached the North pole April 21, 1907, according to a telegram just received at the consular office here. The message was received from Lerwick, Norway.

Dr. Frederick A. Cook, accompanied by a Norwegian, left Etah, Greenland, March 8, 1907, taking with him eight Esquimaux, four sledges and twelve dog teams. He was to make his way through Ellesmere land. Dr. Cook lives in Brooklyn.

Dr. Cook is on board the Danish government steamer Hanskade which passed Lowell at noon today enroute for Denmark.

The telegram announcing Dr. Cook's achievement, was sent by a Greenland official on board the steamer and reads as follows:

"We have on board the American traveling Dr. Cook, who reached the North pole April 21. He has arrived at Upernivik, the northernmost settlement in Greenland, on an island off the west coast. In May of 1909, from Cape York (in the northwest part of Greenland, on Baffin bay). The Esquimaux of Cape York confirm Dr. Cook's story of his journey."

Dr. Frederick Cook, who is reported to have reached the north pole is a resident of Brooklyn, N. Y. For years he has given his attention to Arctic explorations and in 1901-02 was surgeon of the Peary Arctic expedition and in 1905-06 surgeon of the Belgian Arctic expedition. He has received numerous decorations from the geographical societies of Europe for his research and writings in the Polar field.

Dr. Cook started on his present expedition in the summer of 1907, sailing from North Sydney, C. B., on board the steamer John R. Bradley with Captain Moss Bradley as sailing master. The party was reinforced with sledges, dogs and Arctic equipment at Etah, Greenland, whence they sailed March 8, 1908. Dr. Cook's plan was to set aside all tradition by making the dash to the pole during the winter months when the elements are considered least advantageous for an advance northward.

Nothing has been heard from Dr. Cook for the last eighteen months. A special committee of the Arctic club has, however, made careful calculations upon his probable whereabouts and had reached the conclusion that Dr. Cook had discovered the pole.

It was Dr. Cook's plan to make his base of supplies or permanent camp at Annatook in Greenland, about 20 miles north of Etah. This would place him about 1000 miles from the North pole. He first made his way westward out of the cache and across to Ellesmere land. The Arctic club calculates that he reached this position in the spring of 1908. The last news received from him was dated March 1, 1908, when he was near Captain Thomas Hubbard.

He then reported that his health was excellent, that he had picked up a large party of Esquimaux of superior intelligence and that his prospects for success were bright. He intended to push on to the northern part of Greenland, from there start his dash to the pole.

He was married in Brooklyn in 1902 to Miss Mary Hunt. His wife is a close calculations on his progress and it is the belief of the Arctic club that her husband has achieved the goal of the North pole.

PHILLIPS KILLED

Five Other Young Men Injured in Auto Accident

WEST TISBURY, Mass., Sept. 1.—Walter Phillips of Phillipsdale, R. I., was thrown from his seat and instantly killed and five other young men were injured early today when an auto in which they were riding skidded at a sharp turn in the road, breaking a wheel and coming to a sudden stop.

The injured: Francis Vanderlip, Boston. Joseph Kelly, Medford. George M. Heude, Edgarton. William Swenson, Oak Bluffs. Charles Ketch, chauffeur, New Britain, Conn.

The young men were all spending the summer at Oak Bluffs. Early today they decided to take an automobile ride across the country in the moonlight. Accordingly Ketch, the chauffeur, got in the big touring car of his employer, W. H. Hart of New Britain, Conn., a wealthy automobile manufacturer.

The big machine was speeding along on the West Tisbury road, when a sharp turn was reached. Ketch attempted to make the turn without reducing speed and the machine began to slide. The back wheels struck the soft earth at the side of the road, one of them broke and the big car came to a sudden stop.

Phillips was on the front seat with the chauffeur and when the car pulled up with a jerk he was thrown into the roadway. He struck on his head, broke his neck, and died instantly.

The machine toppled over on its side and the other young men were tumbled into the underbrush along the side of the road. They were badly shaken up and sustained no serious injuries.

Phillips was a son of H. C. Phillips. The latter was notified of the accident and hurrying to the scene in his automobile removed his son's body to his summer home at Oak Bluffs.

WAS P. E. STUDENT

PAWTUCKET, R. I., Sept. 1.—Walter Phillips was the only son of H. C. Phillips, millionaire head of the Phillips

DRAHNAP
AUTO OIL

This oil is pale in color, is of high road viscosity, does not decompose at high temperatures and flows freely through any style lubricated. Drahnap Oil increases the horsepower and grants the bearings a free, smooth action. No danger of carbon deposits on spark plugs if you use Drahnap's Drahnap Oil, as it is carefully filtered, which fact gives it a lighter and clearer color than is noticed in other "Auto Oils."

PRICE OF MILK

Has Been Advanced to Nine Cents

BOSTON, Sept. 1.—Milk is now nine cents a quart.

At a meeting of the Boston milk dealers, held at the American house yesterday afternoon, it was agreed that the retail price of milk, on and after today, Sept. 1, should be nine cents, instead of eight cents, the former price, as heretofore. The advance is made a month earlier than last year, when the price was put up to nine cents on Oct. 1, as a result of a ten-cent advance in the price of feed.

Representatives of the Milk Producers' association and the Boston milk dealers have been in conference since Aug. 25, with meetings every day except Sunday.

The Milk Producers' association, composed of farmers and dairymen, and its members, it is said, claimed that on account of the high price of grain and feed they have been selling milk at a loss, that on account of the long drought this summer there is a shortage of hay and corn for feed, and that on account of the high price of feed, they are forced to discontinue the production of milk unless the dealers would agree to begin the payment of the winter wholesale price this year a month in advance and continue it a month longer in the spring than last year.

CLOUDBURST

Destroyed the Mining Camp of Rawhide

KEND, Nev., Sept. 1.—The mining camp of Rawhide, 100 miles from here, was swept by a cloudburst last evening, a well of water said to have been cut in the night, rushing down the streets. Six women and children are reported missing; 500 persons are homeless and 150 buildings have been destroyed.

LATEST MONEY WAS BOGUS

Negro and a Boy Were Placed Under Arrest

MANCHESTER, N. H., Sept. 1.—A Negro and a boy were arrested here yesterday afternoon, trying to pass counterfeit silver money. They confessed and the tools with which they made the pieces were found in their room at a hotel.

A leader of the counterfeiters, a clothing store on Chestnut st., called House Officer James Hampton into his store this afternoon and pointed to a boy who had endeavored to get rid of a counterfeit quarter of a dollar. The boy had what purported to be four silver quarters. Three were genuine and one was not, and he had asked Mr. Green to give him a dollar bill for them.

Policeman Hampton was suspicious of the boy and locked him up. Shortly afterward Patrolman John D. Healy was informed of a negro having tried to pass a counterfeit silver dollar at an Elm-street store. The fact that the attempts had been made by different persons to pass counterfeit money aroused the police and Inspectors Hildreth and O'Dowd were given the case and soon had the negro in custody.

He had \$3.50 in genuine money on his person and it was not until a close search had been made that anything further was revealed. It was found that a counterfeit silver dollar and in the pocket of his shirt was found another of the same denomination.

"It is all up, you have got me," he is said to have exclaimed on the counterfeiter being taken into custody. He gave his name as John Jones, said he was born in Ohio, but that Montreal was his home. He gave his age as 27, and said that he and the boy had come from Canada, stopped at a small place in Canada where a fair was in progress and at Newport, Vt., Woodsville and Concord, where they disposed of some of their spurious money.

The story of the boy was substantiated the same. He said he had been with the negro 11 months, that he lived in North Hatley, Que., where he has a mother. He gave the name of George Smith, alias Arthur Tweed.

In the room occupied by the two at the Central house was found their outfit for making counterfeit money, consisting of an alcohol lamp, bottle of alcohol, iron spoon in which the lead, tin and zinc were melted, and plaster jars. They said that they made the money each morning and then put in the remainder of the day in trying to dispose of it.

Aside from its being light and not playing true the coins were good imitations.

SONDER RACES

No Contest Slated for Today

MARBLEHEAD, Sept. 1.—It was a day of relaxation among the sonder yachtsmen here today with no races until tomorrow when the series will continue, with the Americans credited with two victories in the President Taft cup contest and no loss in the trophy yet won by the German visitors.

Most of the yachtsmen seized the opportunity of overhauling some of the rigging on the little boats but the conditions prevented any hauling out for cleaning, so nearly all the yachts remained at their moorings during the day.

Mid-sonder week in Marblehead, however, was lively as there was a spectacular reception to the Germans through the dressing of all the yachts with flags shortly after noon and an illumination this evening. Hundreds of people journeyed to the old fishing town today to see the spectacle and catch a glimpse of the little boats.

WALTER JOHNSON

MAY NEVER PITCH ANOTHER GAME OF BALL

WASHINGTON, Sept. 1.—Walter Johnson, Washington's premier pitcher and one of the star twirlers of the American League may never pitch another major league game. Because of an injury to his shoulder Johnson was forced to leave the team at Chicago for the complete restoration of the arm. He left his arm during a recent game at Cleveland. He says that his condition is such that he could not play another game this season.

It is feared that one of the ligaments of Johnson's arm is torn and in that case there is only a slight chance for the complete restoration of the arm. Johnson has pitched forty games this year and has shown splendid form.

AN INCREASE

IN THE PRICE OF PRINT PAPER DISCUSSED

APPLETON, Wis., Sept. 1.—Four paper manufacturers representing practically every company in Wisconsin, Michigan and Minnesota, gave a banquet here last night in honor of the Frank Steele, Port Edwards, a local representative of the paper interests in Washington during the tariff bill fight. It is believed they discussed an increase in the price of print paper in the near future. One manufacturer admitted that print paper prices would soon be such that it would not be surprising action would be taken.

TO BUY COAL LANDS

CHARLESTON, W. Va., Sept. 1.—The coal interests of this State, of which are not disclosed, are said to be behind an impending deal involving ten million dollars in timber and coal lands in Boone, Lincoln and Logan counties this State. At the close of a conference of capitalists here last night the plan was made known that the deal would probably be consummated in the next few days. Rubin, Lusk & Co. of New York, it is said, will manage the deal if it is effected.

REVER IS RISING

COLUMBUS, Ga., Sept. 1.—Rivermen here are satisfied by the rise of the Savannah river which began yesterday. Although the immediate effect is understood a drought the river has been 12 feet here in the last 24 hours. There have been no heavy rains reported at any point in the river and it is not possible to assign any cause for the present state of the water.

\$24,000 THEFT

Is the Charge Against Robert Freeman

NEW YORK, Sept. 1.—After having been followed by detectives since his arrival here on Aug. 19 on the Mauretania, a well-known man was arrested at a Harlem hotel last night, charged with the theft of \$24,000 from a post-office in Vienna on June 9 last.

The prisoner says he is an Englishman and that his name is Robert Freeman. He protested at his arrest and said he was innocent.

According to cable reports from Vienna at the time of the robbery, a stranger entered the post-office in the heart of the city at the noon hour and snatched the money from a counter while an official was called to the telephone.

PRES. MURPHY

SAYS JOHNNY KLING MUST PLAY WITH CHICAGO

CINCINNATI, Sept. 1.—President Murphy of the Cubs said last evening to the press that he believed that Johnny Kling is to come here. "I will not stand for a trade for Kling," he said yesterday. "Kling has been in to about himself from the Chicago team, thereby possibly ruining our chances of winning the championship this year. He belongs to Chicago and must play with Chicago or not at all."

"If Kling plays baseball next year it will be with the Chicago team or it will not play until the season after that it will be with the Cubs. And when he does come into the fold I will be sure that he is playing with the team that was sent here."

PRESENTED TO KAISER

BERLIN, Sept. 1.—Captain Samuel Sharple, the newly appointed American military attaché, was presented to Kaiser William at the autumn review today of the Berlin and Potsdam garrisons on the Templehof parade ground.

Thirty thousand troops took part in the review. The emperor and empress returned to the palace through the principal streets of Berlin and were cheered by the crowds. Among the checkings to witness the review were Dr. Wiegand and his sister, Katharine and Mrs. D. J. Hill, wife of the American ambassador.

AUTHOR NOT TO RETIRE

SAN DIEGO, Cal., Sept. 1.—John Vance Cheney, the poet, writer and critic and writer of fiction, says he has not retired from the literary field to manufacture hair oil.

Both Mr. and Mrs. Cheney have received correspondence from friends throughout the world asking about the new vacation and the thing became so provoking that Mrs. Cheney is protesting.

The name of another John Vance Cheney appears in connection with the formation of a local company organized to manufacture a dandruff cure and it was confused with that of the literary John Vance Cheney.

FUNERALS

REED—The funeral of Miss Maria Reed was held at the home of James S. Byam, in Chelmsford, on Sunday afternoon at 2 o'clock. The services were conducted by Rev. L. S. Greene. Mr. A. M. Warren and Miss Edna Thompson sang two selections, "Oh Morning Star" and "My Heavenly Home." Messrs. J. S. Byam, A. E. Reed, William Felt and Fred M. Reed were the bearers and the burial was at Forestlawn cemetery. There were a great many flowers.

DEATHS

CROSBY—Hon. Stephen M. Crosby of Boston, died yesterday morning at his summer residence at North Colchester, aged 82 years. He was the son of the late Judge Nathan Crosby of Lowell. A portion of the funeral will be given later.

GARDNER—It will be with surprise and deep regret that the host of friends of Miss E. Gardner, assistant cashier of the Federal National bank, will learn of her death which occurred yesterday afternoon at her home, 32 Princeton street, after an illness of but four days. Her husband, and came through some difficulties, complicated with her death, which it is apparent, took place at her home. Her health was apparently so good that she was at the bank until within the past few days.

Mr. Gardner was born in Whiting, Me., June 11, 1827, and was consequently 82 years old. He came to Lowell with his parents when a small boy and received his education in the public schools. He worked for a time for E. W. Hunt & Co., and later entered the employ of the Arlington Co., working his way up to the position of paymaster, which he resigned to take a position with the Federal National bank. He was a member of the Royal Arcanum, William North Lodge of Masons, Mt. Heribon Chapter, Ancient Free and Accepted Masons, and Phi Kappa Chapter. He was formerly a member of the Ambulance corps, M. V. M.

Mr. Gardner was highly respected by all who knew him, and he had many friends and admirers. He was a devoted husband and father, and he leaves a widow and two children, Carlton Gardner and Natalie, and the sympathy of many friends will be extended to them.

HURLEY—Daniel J. Hurley aged 4 years, died this afternoon at his home in High-street. He is survived by his wife Mary A., one son, Frank, one daughter, Mary, and one sister, Mrs. Margaret Hurley, and an aunt, Mrs. Mary Murphy. He was a member of Court Street Baptist Church.

FUNERAL NOTICES

THOMAS H. KENNEDY, this city, Ave. 11, died at his home, 11 months, 6 days, daughter of Ernest E. and Nellie E. Thompson. Funeral services will be held at the home of the deceased, 11 months, 6 days, daughter of Ernest E. and Nellie E. Thompson, at 2:30 o'clock, Thursday afternoon, at 230 Elm-street. Friends invited.

WILLIAM M. MARY, E. Williams, aged 45 years, died at 120 Middle-street. Funeral services will be held at the home of the deceased, 120 Middle-street, at 2:30 o'clock, Thursday morning, at 10:30 o'clock. Friends invited.

GARDNER—The funeral of Miss E. Gardner, assistant cashier of the Federal National bank, will take place at 2:30 o'clock tomorrow afternoon at 32 Princeton street. Friends invited.

The Merrimack Women's Store Invites Attention To Its Autumn Exhibit Of

New Tailored Fall Suits for Women

Showing the Popular Long Lines

WE are making a pleasing exhibition this week of the new fancies in Women's Autumn Wearing Apparel—direct from New York fashion makers. Some new features are:—Graceful Long Coats, [fitted and semi-fitted models.] The New Yoke and Plaited Skirts, Flounce Skirts, etc. Materials include the new English Diagonals, French Serges, Basket Weaves, Homespuns and a remarkably fine line of MEN'S WEAR WORSTEDS. As usual you will see the new exclusive Merrimack styles that are bound to meet with your approval. Our prices will be found much below Boston prices.

SPECIAL SUIT VALUES

Women's \$25.00 New Fall
Suits at - - - - -

\$19.75

MADE OF LYMANVILLE CHEVIOT LINED WITH SKINNER SATIN

If we advertised to give away \$5.25 in money you know what a crowd we would have.

Now! This is exactly what we do if you purchase this new fall suit during this special sale.

This fine suit is exceptionally handsome, has lots of style, is beautifully tailored and made of Lymanville cheviot, well known to every woman as one of the best wearing materials ever put into a suit, lined with Skinner's satin, guaranteed for two full season's wear.

The coat is the newest 45-inch model, plain, man-tailored and finished with mannish pockets and bone buttons in self-color. The new small sleeves are finished at the wrist like a man's coat.

The skirt is made the new full skirted style, stitched down 22 inches from the belt.

Don't you think after reading these facts and descriptions that it will pay you to investigate this remarkable suit offering today. The range of sizes and colors will be broken by Saturday.

"NO BABIES, NO VOTES"

The Proposition is Favored by Archbishop Falconio

CHICAGO, Sept. 1.—The Council of "No babies, no ballots" proposed by Father Phelan of St. Louis two days ago in which he urged that votes be given to a family in proportion to the number of children, has been approved by the apostolic delegates to the United States, Archbishop Desmond and others.

He expressed his approval of the doctrine yesterday a few hours after he had arrived in Chicago from Washington.

CAPT. BALDWIN

Made a Flight of Twenty Miles

PITTSFIELD, Sept. 1.—A short flight of approximately 20 miles in an air line was made by Captain Thomas Baldwin of New York as pilot and Mr. and Mrs. Clifford Harniss and Miss Anna Boyd of New York as passengers in the balloon Springfield which ascended from Aero park here at 3:45 o'clock. The flight was safely completed at 4:30 after an uneventful trip.

The balloons intended to make a flight of but a short distance and had but six boxes of ballast aboard when they started. A light wind blowing in

Gorham and Dix Streets.

HEAVY ARTILLERY FIRE

MELILLA, Sept. 1.—The tribesmen who are opposing the advance of the Spanish punitive expedition into the interior of Morocco recently directed a heavy artillery and musketry fire against the garrison at Sidimusi. They were, however, silenced by the Spanish batteries. The Riggs attacked the town of Lahadar because the inhabitants asked for Spanish protection but they were driven back by a Spanish column sent out from Elbarbar.

FOUR MEN KILLED

HUNTINGTON, Pa., Sept. 1.—A work train, north bound, ran into a double-header freight train, south bound, between Riddlesburg and Saxton on the Huntington & Broadtop railroad today. Four men were killed and eleven injured. A conductor, a fireman and a brakeman and two others were seriously scalded. Twenty cars and two engines were wrecked.

CARNIVAL WEEK

Will Have Sport Other Than Racing

The coming of carnival week has aroused all the local sport promoters and hence the visitors to the city will have other attractions to engage their attention than watching the races on the boulevard.

The base ball game on Monday afternoon will be held back until 4 o'clock to accommodate those who wish to see the races and the game as well.

There will be first class wrestling and boxing during the week and a wrestling match for the early corner at Mercier's rink tomorrow evening.

Mr. Charles Barker has engaged Washington park for the big wrestling event between Shad Link and Leo Pardo, the rivals who are doing such a sensational bout in Lowell a few seasons ago.

The Gladstone Athletic club, which has reorganized with entirely new management and with many new members will make its first appearance under the new management at Assolink hall on next Tuesday evening when in addition to several good preliminaries the principal event will be a 12-round bout at 125 pounds between the noted Boston ringer Kid Gordon and Young Donohue, the latter of Roxbury. It is

Chelmsford Residents

160-162 Middlesex Street.

expected that Charlie White, the eminent referee who is here to manage the national Marathon run, will officiate at the Gladstone club. The fact that the club has been given the privilege of using Associate hall for temporary quarters is a guarantee of its strategy.

The meeting of Young Protos and Wilfred Barrette at Dracut tomorrow evening will settle a question of supremacy that has caused many an argument between fans all the way from Fall River to Montreal and Quebec. Protos is the welterweight champion and his best weight is 148. Barrette weighs eight or 10 pounds more and the question of weight has always been the stumbling block between them. Recently Frank Moran, manager of Young Protos, announced that he would meet Barrette at any weight and the match was made forthwith.

With an unfringed agreement that the man who first shows rough-house tactics, is to lose, Shad Link and Leo Pardo are bound up to meet at Washington park on next Tuesday evening. Both are strong and aggressive wrestlers and do a strenuous bout even when not trying to rough it and as they are very evenly matched the bout will be a corker. The management shows good judgment in securing an expert of national reputation. Mr. Geo. V. Trolley to referee, for Trolley knows what is allowable and what is not and neither wrestler can impose on him. They will wrestle on an elevated platform under arc lights.

George Rothner, light weight champion wrestler, will meet Young Albin on the boulevard speedway on Thursday afternoon in connection with the auto attractions.

PREPARED INSTANTLY. Simply add boiling water, cool and serve. 10c per package of 2 1/2 ounces. 7 flavors. Refuse substitutes.

AN ITCHING PALM

No Cure for It. Other Forms of Itching Preferable

There is no cure for an itching palm—the money lost. Even potent new skin recovery cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, you can win at the itching at once and cure the worst cases in a few days. So with hives, rash, scabies, spirit, eczema, and scalp scabs, all of which are different forms of eczema, accompanied by severe itching and caused by imperfect digestion and careless diet.

Pozan comes in two-dollar jars, but fifty cents worth will answer in curing any of the diseases mentioned. It can be had of any druggist. Fully a Dozardozard and Carter's Shalimar make a specialty of it.

That results are immediate will be amply demonstrated overnight by the use of the experimental sample which the Emergency Laboratories, 22 W. Twenty-fifth street, New York City, will send free by mail. In plain wrapper to any one who will write for it.

GOLD BRACELET

WAS PRESENTED TO MISS KATHERINE BOYLE

The home of Miss Katherine Boyle on State street was the scene of a surprise party last evening. The affair was in charge of Miss Frances Parker and at 40 of Miss Boyle's young friends were present to enjoy the evening.

Miss Katherine was presented with a gold bracelet and although taken by surprise she responded in a fitting manner. The presentation speech was made by Miss Parker.

During the evening games were played and a musical program was carried out. Later in the evening refreshments were served and after participating in numerous other games the party broke up at a late hour.

LOWELL POLICE

Sent Out Circular Describing Feron

Instructions to the contrary notwithstanding, the Lowell police are now endeavoring to find Henri Feron, the man who was the master of Mrs. Flora Feron, and is now asking for the return of Feron have been sent out in the shape of a circular to every city and town in New England, the large cities of the country are included.

The circular contains a good likeness of Feron and reads as follows:

Headquarters of Police Department, Lowell, Mass., U. S. A. Wanted for the murder of Flora Feron, on the night of August 26th, 1908, in this city. Henri Feron, a French Canadian, age 24 years, height 5 feet 6 inches, weight 155 pounds, eyes blue, slight defect in left eye, thin nose, slightly pink marked. Wore last seen a straw hat, light colored shirt, dark pants, white socks with black stripes, tan colored shoes. Speaks the English language with difficulty. Has been a mill operative. Was in Nashua, N. H., Friday, August 27th, when he called upon his mother and to his left took a train bound north the same afternoon.

We would ask your co-operation in apprehending this fellow, and, if located, to arrest him and wire us at our expense when an officer will be immediately dispatched.

Respectfully yours, James Brosnan, Acting Supt. of Police, Lowell, Mass., U. S. A.

BUILDING LABORERS UNION

At a well attended and interesting meeting of the Building Laborers union, held last night, Luke Walsh and Raymond Methrich were elected delegates to the International convention to be held next October in Holyoke.

PLEASANT SURPRISE

TENDERED TO MISS MATRILDA J. SCHONBORN

A pleasant surprise party in honor of the 21st birthday of Miss Matilda J. Schonborn was held at the home of her parents, Mr. and Mrs. John Schonborn, 121 Crawford street last evening.

BILLERICA.

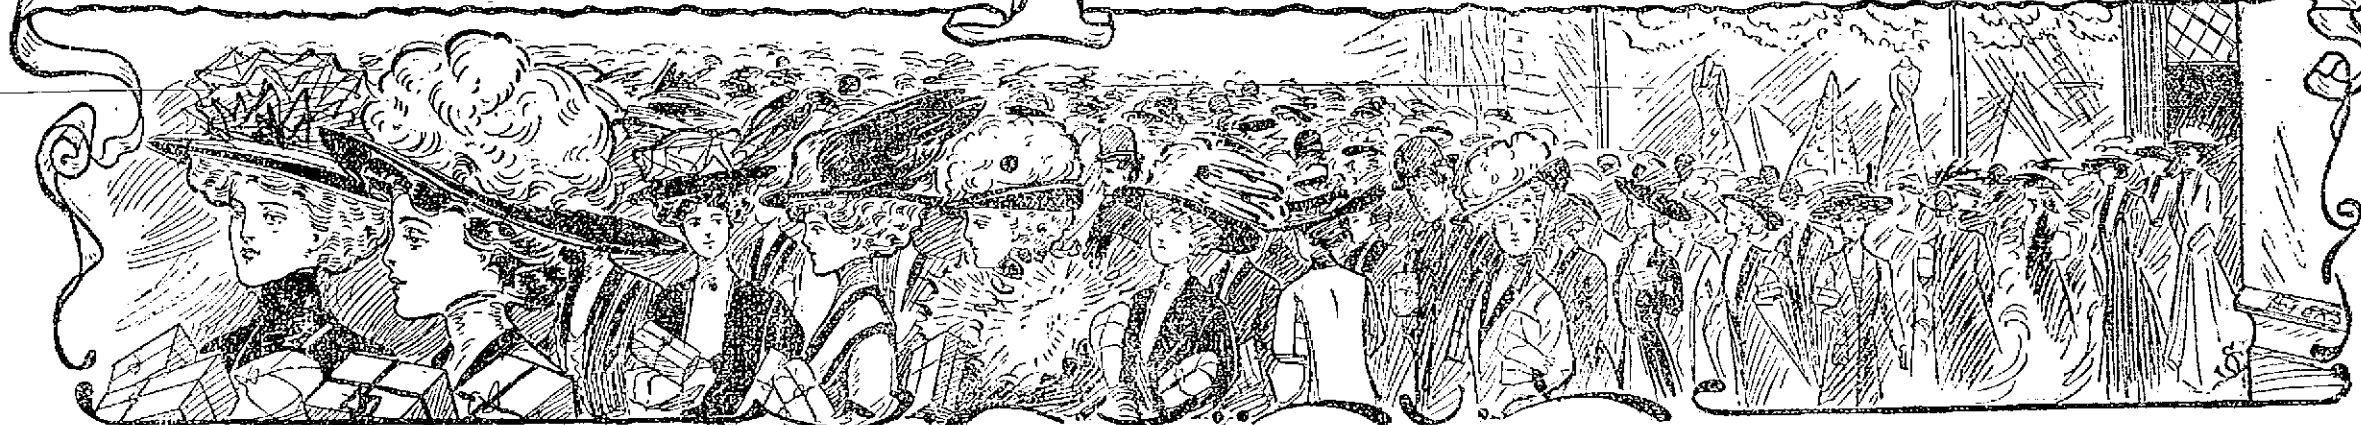

The contract for the extension of the water line on High, Ford and Andover streets, has been awarded to Charles M. Callahan of Boston. There were five bids submitted, the lowest being made by Mr. Callahan.

BE SURE AND COME TO

THE NEW YORK CLOAK STORE

Store Opens at 10 O'Clock—THURSDAY MORNING—Store Open All Day

COME THURSDAY, FRIDAY and SATURDAY

Come down tonight and see our windows; even if you have to walk it will pay you. The above picture gives you an idea of the crowd we had last year at our final wind-up. Store open all day Thursday

NEW YORK CLOAK and SUIT CO.

12 to 18 John St. Lowell, Mass.

Formally Opened Canada's Exhibition

NIGHT EDITION

TO SAVE \$10,000,000

Hitchcock at Work on Plans in the Postal Service

WASHINGTON, Sept. 1.—Postmaster General Hitchcock is busy inaugurating a number of reforms and improvements in the methods of carrying on the business of different bureaus in his department.

His idea is to call conferences of important officers of the different bureaus, outline his plans to them and then let them work out the details and put the machinery in operation.

In all of the steps which he has taken or is contemplating Mr. Hitchcock is bearing in mind the policy of Pres. Taft to reduce government expenditures. The president has urged his cabinet officers to co-operate with him and with each other in saving \$50,000,000 a year.

The total projected saving has been apportioned tentatively among the several departments. Secretary of the Navy Meyer, for instance, has reduced the estimates for appropriations for his department \$10,000,000 below the appropriations for the current fiscal year. There have been large reductions in the war department and other branches of the government service.

It is said that the retrenchment policy will be carried out in the postoffice department in the extent of reducing expenditures by \$10,000,000 a year. While endeavoring to reduce expenditures Postmaster General Hitchcock does not intend to injure the efficiency of the service.

This is indicated by other reforms which he has brought about within the last few days, notably the establishment of a new fast mail train from Chicago to Portland, Ore., important changes in the system of transferring foreign mail from ocean liners to the postoffice and trains for interior points.

MAN IS DYING SUPT. MALONEY THIRD MARRIAGE

He Was Chauffeur for Prince George

BELGRADE, Serbia, Sept. 1.—The newspaper which first published the story that Crown Prince George had assassinated his valet, a statement that resulted in the prince's renouncing his title to the throne, makes an announcement today with regard to a French chauffeur employed by the prince. It declared that the chauffeur recently received serious injuries and that he was conveyed secretly to a Belgrade hospital where he now lies in a dying condition.

SCHOOL TEACHER MARRIED F. H. MINER ON HIS DEATH BED

NEW HAVEN, Sept. 1.—Frederick H. Miner, a young illustrator of this city, died at his father's cottage in Woodmont yesterday afternoon of typhoid fever, and the fact that he was married on his death bed is the subject of much talk here.

The marriage took place at the request of the sick man and the bride was Miss Helen Crane of Milford. The wedding was set for the middle of October. Rev. Dr. Williams of New York married the couple, and from the moment the ceremony was performed until the death of the young man yesterday afternoon the heartbroken young woman remained at the bedside.

Mr. Miner was 21 years old. Miss Crane is a school teacher in Milford.

A. Bowler, King of Brooklyn, N. Y., the associate editor of the Morning Journal-Tribune and a graduate of Yale in 1905, is critically ill with the fever, and it was stated at the New Haven hospital last night that slight hope was left for his recovery.

Both Mr. Miner and Mr. King are said to have contracted the disease at Woodmont, where several other persons have been taken ill during the past month. The sickness at this summer resort is said to have been caused by infected milk.

THE TROPHIES OF COL. ROOSEVELT'S HUNT BEING EXAMINED

WASHINGTON, Sept. 1.—The scientists of the Smithsonian Institution are examining their curiosity as to what the first contingent of boxes, containing trophies of Col. Roosevelt's African hunt have been sent their sides.

Upon opening the cases containing the skins they found them in good shape, and Major Morris in charge of the Smithsonian forces with Col. Roosevelt in his hand notified of the fact. The work of stuffing the skins will not be undertaken for some time and it will probably be two years before the work is completed.

The scientists of the institution have expressed themselves as having never seen a more interesting and well preserved collection of mammals and birds. A beautiful assortment of birds, said to be more valuable than the larger animals is in the collection.

When the scientists consider a great prize is the war rattle. It is slightly larger than the ordinary rattle and has two wings on the lower lip and has never before been seen in this country. It is a carnivorous animal and lives on the weaker members of its own tribe. In the collection there is every kind of a rabbit, from the very small and rarely known specimens closely resembling mice.

Dr. Williams of New York married the couple, and from the moment the ceremony was performed until the death of the young man yesterday afternoon the heartbroken young woman remained at the bedside.

Mr. Miner was 21 years old. Miss Crane is a school teacher in Milford.

A. Bowler, King of Brooklyn, N. Y., the associate editor of the Morning Journal-Tribune and a graduate of Yale in 1905, is critically ill with the fever, and it was stated at the New Haven hospital last night that slight hope was left for his recovery.

Both Mr. Miner and Mr. King are said to have contracted the disease at Woodmont, where several other persons have been taken ill during the past month. The sickness at this summer resort is said to have been caused by infected milk.

THE TROPHIES OF COL. ROOSEVELT'S HUNT BEING EXAMINED

WASHINGTON, Sept. 1.—The scientists of the Smithsonian Institution are examining their curiosity as to what the first contingent of boxes, containing trophies of Col. Roosevelt's African hunt have been sent their sides.

Upon opening the cases containing the skins they found them in good shape, and Major Morris in charge of the Smithsonian forces with Col. Roosevelt in his hand notified of the fact. The work of stuffing the skins will not be undertaken for some time and it will probably be two years before the work is completed.

The scientists of the institution have expressed themselves as having never seen a more interesting and well preserved collection of mammals and birds. A beautiful assortment of birds, said to be more valuable than the larger animals is in the collection.

When the scientists consider a great prize is the war rattle. It is slightly larger than the ordinary rattle and has two wings on the lower lip and has never before been seen in this country. It is a carnivorous animal and lives on the weaker members of its own tribe. In the collection there is every kind of a rabbit, from the very small and rarely known specimens closely resembling mice.
